Don'ts For Physicians

1. Don't write a controlled substance prescription in pencil.
2. Don't write controlled substances this way: Morphine HT $\frac{1}{2}$ x 10 or Morphine HT $\frac{1}{4}$ x 10. Several x's or zeros can be added to raise the amount. Use brackets or spelling.
3. Don't leave Rx's signed in blank at the office for nurses to fill in. Signed blanks are bad practice and many have been stolen by addicts.
4. Don't leave prescription pads around. Addicts will use them to obtain drugs.
5. Don't carry a large stock of narcotics in your bag. Addicts are on the lookout for these in physicians' offices and cars.
6. Don't write for large quantities of controlled substances. Diversion to addicts is a profitable business.
7. Don't give a controlled substance Rx without seeing the patient.
8. Don't dispense any controlled substance without keeping a record of it.
9. Don't buy for your office controlled substance on an Rx blank. The law requires you to use an official order form for Schedule II drugs. Drugs in Schedules 3 - 5 must be obtained through a wholesale distributor by means of a requisition.
10. Don't resent a pharmacist's call for information about an Rx you may have written. The pharmacist is held responsible if he knowingly fills a forgery.
11. Don't write more than one Rx per blank for a controlled substance.
12. Don't neglect to write full name and address of Patient on Rx order.
13. Don't permit office nurse to authorize refills.
14. Don't request pharmacist to accept telephone Rx for Schedule II substances except in bona fide emergencies.
15. Don't prescribe for drug dependent persons except as provided by law and regulations.

LAWS OF NORTH CAROLINA RELATING TO THE PRACTICE OF MEDICINE Including Amendments of 1981

§ 90-1. North Carolina Medical Society incorporated. — The association of regularly graduated physicians, calling themselves the State Medical Society, is hereby declared to be a body politic and corporate, to be known and distinguished by the name of The Medical Society of the State of North Carolina. The name of the society is now the North Carolina Medical Society.

§ 90-2. Board of Examiners. —

- (a) In order to properly regulate the practice of medicine and surgery, there is established a Board of Medical Examiners of the State of North Carolina. The Board shall consist of eight members. Seven of the members shall be duly licensed physicians elected and nominated to the Governor by the North Carolina Medical Society. The other member shall be a person chosen by the Governor to represent the public at large. The public member shall not be a health care provider nor the spouse of a health care provider. For purposes of board membership, "health care provider" means any licensed health care professional and any agent or employee of any health care institution, health care insurer, health care professional school, or a member of any allied health profession. For purposes of this section, a person enrolled in a program to prepare him to be a licensed health care professional or an allied health professional shall be deemed a health care provider. For purposes of this section, any person with significant financial interest in a health service or profession is not a public member.
- (b) No member appointed to the Board on or after November 1, 1981, shall serve more than two complete consecutive three-year terms, except that each member shall serve until his successor is chosen and qualifies.
- (c) In order to establish regularly overlapping terms, the terms of office of the members currently serving on the Board shall expire as follows: two on October 31, 1982; two on October 31, 1984; three on October 31, 1986. Terms of Board members shall expire in direct relation to their date of appointment by the society; the terms of the two members first appointed shall expire in 1982, and the terms of the three members last appointed shall expire in 1986. No initial physician member of the Board may serve another term until at least three years from the date of expiration of his current term.

The Governor shall appoint the public member not later than October 31, 1981.

- (d) Any initial or regular member of the Board may be removed from office by the Governor for good cause shown. Any vacancy in the initial or regular physician membership of the Board shall be filled for the period of the unexpired term by the Governor from a list of physicians submitted by the North Carolina Medical Society Executive Council. Any vacancy in the public membership of the Board shall be filled by the Governor for the unexpired term.

§ 90-3. Medical Society nominates Board. — The Governor shall appoint as physician members of the Board physicians elected and nominated by the North Carolina Medical Society.

§ 90-4. Board elects officers; quorum. — The Board of Medical Examiners is authorized to elect all officers and adopt all bylaws as may be necessary. A majority of the membership of the Board shall constitute a quorum for the transaction of business.

§ 90-5. Meetings of Board. — The Board of Medical Examiners shall assemble once in every year in the City of Raleigh, and shall remain in session from day to day until all applicants who may present themselves for examination within the first two days of this meeting have been examined and disposed of; other meetings in each year may be held at some suitable point in the State if deemed advisable.

§ 90-6. Regulations governing applicants for license, examination, etc.; appointment of subcommittee. — The Board of Medical Examiners is empowered to prescribe such regulations as it may deem proper, governing applicants for license, admission to examinations, the conduct of applicants during examinations, and the conduct of examinations proper.

The Board of Medical Examiners shall appoint and maintain a subcommittee to work jointly with a subcommittee of the Board of Nursing to develop rules and regulations to govern the performance of medical acts by registered nurses, including the determination of reasonable fees to accompany an application for approval not to exceed one hundred dollars (\$100.00) and for renewal of such approval not to exceed fifty dollars (\$50.00). Rules and regulations developed by this subcommittee from time to time shall govern the performance of medical acts by registered nurses and shall become effective when adopted by both the Board of Medical Examiners and the Board of Nursing. The Board of Medical Examiners shall have responsibility for securing compliance with these regulations.

§ 90-7. Bond of secretary — The secretary of the Board of Medical Examiners shall give bond with good surety, to the president of the Board, for the safekeeping and proper payment of all moneys that may come into his hands.

§ 90-8. Officers may administer oaths, and subpoena witnesses and records. — The president and secretary of the Board are empowered to administer oaths to all persons appearing before it as the Board may deem necessary to the performance of its duties, and to summon and to issue subpoenas for the appearance of any witnesses deemed necessary to testify concerning any matter to be heard before or inquired into by the Board, and to order that records concerning the treatment of patients relevant to the Board's inquiry be produced before the Board or for inspection and copying by representatives of the Board by the custodian of such records.

§ 90-9. Examination for license; scope; conditions and prerequisites. — It shall be the duty of the Board of Medical Examiners to examine for license to practice medicine or surgery, or any of the branches thereof, every applicant who complies with the following provisions: He shall, before he is admitted to examination, satisfy the Board that he has an academic education equal to the entrance requirements of the University of North Carolina, or furnish a certificate from the superintendent of public instruction of the county that he has passed an examination upon his literary attainments to meet the requirements of entrance in the regular course of the State University. He shall exhibit a diploma or furnish satisfactory proof of graduation from a medical college or an osteopathic college approved by the American Osteopathic Association at the time of his graduation, which time of graduation shall have been on January 1, 1960, or subsequent thereto and which medical and osteopathic schools shall require an attendance of not less than four years or for a lesser period of time approved by the Board, and supply such facilities for clinical and scientific instruction as shall meet the approval of the Board.

The examination shall cover the branches of medical science and subjects which the Board deems necessary to determine competence to practice medicine.

If the applicant successfully passes such examination as determined by the Board, and if the applicant satisfies the Board that he is of good moral character and that he has successfully completed one year of training after his graduation from medical school in a medical education program approved by the Board, the Board shall grant such applicant a license authorizing the applicant to practice medicine in any of its branches.

Applicants shall be examined by number only; names and other identifying information shall not appear on examination papers.

§ 90-10. Provision in lieu of examination. — In lieu of the above examination, the Board may grant a license to an applicant who is found to have passed the examination given by the National Board of Medical Examiners, or who has passed such other examination which the Board deems to be equivalent to the examination given by the Board, provided the applicant meets the other qualifications set forth in this Article.

§ 90-11. Qualifications of applicant for license. — Every applicant for a license to practice medicine or for approval to perform medical acts in the State shall satisfy the Board of Medical Examiners that such applicant is of good moral character and meets the other qualifications for the issuance of such a license or for such approval before any such license or approval is granted by the Board to such applicant.

§ 90-12. Limited license. — The Board may, whenever in its opinion the conditions of the locality where the applicant resides are such as to render it advisable, make such modifications of the requirements of G.S. 90-9, 90-10, and 90-11 as in its judgment the interests of the people living in that locality may demand, and may issue to such applicant a special license, to be entitled a "Limited License," authorizing the holder thereof to practice medicine and surgery within the limits only of the districts specifically described therein. The holder of the limited license practicing medicine or surgery beyond the boundaries of the districts as laid down in said license shall be guilty of a misdemeanor, and upon conviction shall be fined not less than twenty-five dollars (\$25.00) nor more than fifty dollars (\$50.00) for each and every offense; and the Board is empowered to revoke such limited license, in its discretion, after due notice.

§ 90-13. When license without examination allowed. — The Board of Medical Examiners shall in their discretion issue a license to any applicant to practice medicine and surgery in this State without examination if said applicant exhibits a diploma or satisfactory proof of graduation from a medical or osteopathic college, approved as provided in G.S. 90-9 and requiring an attendance of not less than four years or for such lesser period of time approved by the Board, and a license issued to him to practice medicine and surgery by the Board of Medical Examiners of another state, and has successfully completed one year of training after his graduation from medical college in a medical education and training program approved by the Board, in which program the Board may permit him to practice medicine. Such a license may be granted for such a period of time and upon such conditions as the Board may deem advisable.

§ 90-14. Revocation, suspension, annulment or denial of license.

- (a) The Board shall have the power to deny, annul, suspend, or revoke a license, or other authority to practice medicine in this State, issued by the Board to any person who has been found by the Board to have committed any of the following acts or conduct, or for any of the following reasons:
- (1) Immoral or dishonorable conduct;
 - (2) Producing or attempting to produce an abortion contrary to law;
 - (3) Made false statements or representations to the Board, or who has willfully concealed from the Board material information in connection with his application for a license;
 - (4) Repealed by Session Laws 1977, C. 838, s. 3.
 - (5) Being unable to practice medicine with reasonable skill and safety to patients by reason of illness, drunkenness, excessive use of alcohol, drugs, chemicals, or any other type of material or by reason of any physical or mental abnormality. The Board is empowered and authorized to require a physician licensed by it to submit to a mental or physical examination by physicians designated by the Board before or after charges may be presented against him, and the results of examination shall be admissible in evidence in a hearing before the Board;

- (6) Unprofessional conduct, including, but not limited to, any departure from, or the failure to conform to, the standards of acceptable and prevailing medical practice, or the ethics of the medical profession, irrespective of whether or not a patient is injured thereby, or the committing of any act contrary to honesty, justice, or good morals, whether the same is committed in the course of his practice or otherwise, and whether committed within or without North Carolina;
- (7) Conviction in any court of the commission of a crime involving moral turpitude, or of the violation of a law involving the practice of medicine or the conviction of a felony;
- (8) By false representations has obtained or attempted to obtain practice, money or anything of value;
- (9) Has advertised or publicly professed to treat human ailments under a system of school of treatment or practice other than that for which he has been educated;
- (10) Adjudication of mental incompetency, which shall automatically suspend a license unless the Board orders otherwise;
- (11) Lack of professional competence to practice medicine with a reasonable degree of skill and safety for patients. In this connection the Board may consider repeated acts of a physician indicating his failure to properly treat a patient and may require such physician to submit to inquiries or examinations, written or oral, by members of the Board or by other physicians licensed to practice medicine in this State, as the Board deems necessary to determine the professional qualifications of such licensee;
- (12) Promotion of the sale of drugs, devices, appliances or goods provided for a patient in such a manner as to exploit the patient for financial gain of the physician;
- (13) Suspension or revocation of a license to practice medicine in any other state, or territory of the United States, or other country.

For any of the foregoing reasons, the Board may deny the issuance of a license to an applicant or revoke a license issued to him, may suspend such a license for a period of time, and may impose conditions upon the continued practice after such period of suspension as the Board may deem advisable, may limit the accused physician's practice of medicine with respect to the extent, nature or location of his practice as the Board deems advisable. The Board may, in its discretion and upon such terms and conditions and for such period of time as it may prescribe, restore a license so revoked or rescinded.

- (b) The Board shall refer to the State Medical Society Physician Health and Effectiveness Committee all physicians whose health and effectiveness have been significantly impaired by alcohol, drug addiction or mental illness.

§ 90-14.1. Judicial review of Board's decision denying issuance of a license. — Whenever the Board of Medical examiners has determined that a person who has duly made application to take an examination to be given by the Board showing his education, training and other qualifications required by said Board, or that a person who has taken and passed an examination given by the Board, has failed to satisfy the Board of his qualifications to be examined or to be issued a license, for any cause other than failure to pass an examination, the Board shall immediately notify such person of its decision, and indicate in what respect the applicant has so failed to satisfy the Board. Such applicant shall be given a formal hearing before the Board upon request of such applicant filed with or mailed by registered mail to the secretary of the Board at Raleigh, North Carolina, within 10 days after receipt of the Board at Raleigh, North Carolina, within 10 days after receipt of the Board's decision, stating the reasons for such request. The Board shall within 20 days of receipt of such request notify such applicant of the time and place of a public hearing, which shall be held within a reasonable time. The burden of satisfying the Board of his qualifications for licensure shall be upon the applicant. Following such hearing, the Board shall determine whether the applicant is qualified to be examined or is entitled to be licensed as the case may be. Any such decision of the Board shall be subject to judicial review upon appeal to

the Superior Court of Wake County upon the filing with the Board of a written notice of appeal with exceptions taken to the decision of the Board within 20 days after service of notice of the Board's final decision. Within 30 days after receipt of notice of appeal, the secretary of the Board shall certify to the clerk of the Superior Court of Wake County the record of the case which shall include a copy of the notice of hearing, a transcript of the testimony and evidence received at the hearing, a copy of the decision of the Board, and a copy of the notice of appeal and exceptions. Upon appeal the case shall be heard by the judge without a jury, upon the record, except that in cases of alleged omissions or errors in the record, testimony may be taken by the court. The decision of the Board shall be upheld unless the substantial rights of the applicant have been prejudiced because the decision of the Board is in violation of law or is not supported by any evidence admissible under this Article, or is arbitrary or capricious. Each party to the review proceeding may appeal to the Supreme Court as hereinafter provided in G.S. 90-14.11.

§ 90-14.2. Hearing before revocation or suspension of a license. — Before the Board shall revoke, restrict or suspend any license granted by it, the licensee shall be given a written notice indicating the general nature of the charges, accusation, or complaint made against him, which notice may be prepared by a committee of one or more members of the Board designated by the Board, and stating that such licensee will be given an opportunity to be heard concerning such charges or complaint at a time and place stated in such notice, or at a time and place to be thereafter designated by the Board, and the Board shall hold a public hearing not less than 30 days from the date of the service of such notice upon such licensee, at which such licensee may appear personally and through counsel, may cross-examine witnesses and present evidence in his own behalf. A physician who is mentally incompetent shall be represented at such hearing and shall be served with notice as herein provided by and through a guardian ad litem appointed by the clerk of the court of the county in which the physician has his residence. Such licensee or physician may, if he desires, file written answers to the charges or complaints preferred against him within 30 days after the service of such notice, which answer shall become a part of the record but shall not constitute evidence in the case.

§ 90-14.3. Service of notices. — Any notice required by this Chapter may be served either personally or by an officer authorized by law to serve process, or by registered mail, return receipt requested, directed to the licensee or applicant at his last known address as shown by the records of the Board. If notice is served personally, it shall be deemed to have been served at the time when the officer delivers the notice to the person addressed. Where notice is served by registered mail, it shall be deemed to have been served on the date borne by the return receipt showing delivery of the notice to addressee or refusal of the addressee to accept the notice.

§ 90-14.4. Place of hearings for revocation or suspension of license. — Upon written request of the accused physician to the secretary of the Board within 20 days after service of the charges or complaints against him, a hearing for the purpose of determining revocation or suspension of his license shall be conducted in the county in which such physician maintains his residence, or at the election of the Board, in any county in which the act or acts complained of.

§ 90-14.5. Use of trial examiner or depositions. — Where the licensee requests that the hearing herein provided for be held by the Board in a county other than the county designated for the holding of the meeting of the Board at which the matter is to be heard, the Board may designate in writing one or more of its members to conduct the hearing as a trial examiner or trial committee, to take evidence and report a written transcript thereof to the Board at a meeting where a majority of the members are present and participating in the decision. Evidence and testimony may also be presented at such hearings and to the Board in the form of depositions taken before any person designated in writing by the Board for such purpose or before any person authorized to administer oaths, in

accordance with the procedure for the taking of depositions in civil actions in the superior court.

§ 90-14.6. Evidence admissible. — In proceedings held pursuant to this Article the Board shall admit and hear evidence in the same manner and form as prescribed by law for civil actions. A complete record of such evidence shall be made, together with the other proceedings incident to such hearing.

§ 90-14.7. Procedure where person fails to request or appear for hearing. — If a person who has requested a hearing does not appear, and no continuance has been granted, the Board or its trial examiner or committee may hear the evidence of such witnesses as may have appeared, and the Board may proceed to consider the matter and dispose of it on the basis of the evidence before it. For good cause, the Board may reopen any case for further hearing.

§ 90-14.8. Appeal from Board's decision revoking or suspending a license. — A physician whose license is revoked or suspended by the Board may obtain a review of the decision of the Board in the Superior Court of Wake County or in the superior court in the county in which the hearing was held or upon agreement of the parties to the appeal in any other superior court of the State, upon filing with the secretary of the Board a written notice of appeal within 20 days after the date of the service of the decision of the Board, stating all exceptions taken to the decision of the Board and indicating the court in which the appeal is to be heard.

Within 30 days after the receipt of a notice of appeal as herein provided, the Board shall prepare, certify and file with the clerk of the superior court in the county to which the appeal is directed the record of the case comprising a copy of the charges, notice of hearing, transcript of testimony, and copies of documents or other written evidence produced at the hearing, decision of the Board, and notice of appeal containing exceptions to the decision of the Board.

§ 90-14.9. Appeal bond; stay of Board order. — The person seeking the review shall file with the clerk of the reviewing court a copy of the notice of appeal and an appeal bond of two hundred dollars (\$200.00) at the same time the notice of appeal is filed with the Board. At any time before or during the review proceeding the aggrieved person may apply to the reviewing court for an order staying the operation of the Board decision pending the outcome of the review, which the court may grant or deny in its discretion.

§ 90-14.10. Scope of review. — Upon the review of the Board's decision revoking or suspending a license, the case shall be heard by the judge without a jury, upon the record, except that in cases of alleged omissions or errors in the record, testimony thereon may be taken by the court. The court may affirm the decision of the Board or remand the case for further proceedings; or it may reverse or modify the decision if the substantial rights of the accused physician have been prejudiced because the findings or decisions of the Board are in violation of substantive or procedural law, or are not supported by competent, material, and substantial evidence admissible under this Article, or are arbitrary or capricious. At any time after the notice of appeal has been filed, the court may remand the case to the Board for the hearing of any additional evidence which is material and is not cumulative and which could not reasonably have been presented at the hearing before the Board.

§90-14.11. Appeal to Supreme Court; appeal bond — Any party to the review proceeding, including the Board, may appeal to the Supreme Court from the decision of the superior court under rules of procedure applicable in other civil cases. No appeal bond shall be required of the Board. The appealing party may apply to the superior court for a stay of that court's decision or a stay of the Board's decision, whichever shall be appropriate, pending the outcome of the appeal to the Supreme Court.

§90-14.12. Injunctions. — The Board may appear in its own name in the superior courts in an action for injunctive relief to prevent violation of this Article and the superior courts shall have power to grant such injunctions

regardless of whether criminal prosecution has been or may be instituted as a result of such violations. Actions under this section shall be commenced in the judicial district in which the respondent resides or has his principal place of business or in which the alleged acts occurred.

§ 90-14.13. Reports of disciplinary action by health care institutions; immunity from liability. — The chief administrative officer of every licensed hospital or other health care institution in the State shall, after consultation with the chief of staff of such institution, report to the Board any revocation, suspension, or limitation of a physician's privileges to practice in that institution. Each such institution shall also report to the Board resignations from practice in that institution by persons licensed under this Article. The Board shall report all violations of this subsection known to it to the licensing agency for the institution involved.

Any person making a report required by this section shall be immune from any criminal prosecution or civil liability resulting therefrom unless such person knew the report was false or acted in reckless disregard of whether the report was false.

§ 90-15. License fee; salaries, fees, and expenses of Board. — Each applicant for a license by examination shall pay to the treasurer of the Board of Medical Examiners of the State of North Carolina a fee which shall be prescribed by said Board in an amount not exceeding the sum of two hundred dollars (\$200.00) before being admitted to the examination. Whenever any license is granted without examination, as authorized in G.S. 90-13, the applicant shall pay to the treasurer of the Board a fee in an amount to be prescribed by the Board not in excess of one hundred dollars (\$100.00). Whenever a limited license is granted as provided in G.S. 90-12, the applicant shall pay to the treasurer of the Board a fee of fifty dollars (\$50.00), except where a limited license to practice in a medical education and training program approved by the Board for the purpose of education or training is granted, the applicant shall pay a fee of ten dollars (\$10.00). A fee of ten dollars (\$10.00) shall be paid for the issuance of a duplicate license. All fees shall be paid in advance to the treasurer of the Board of Medical Examiners of the State of North Carolina, to be held by him as a fund for the use of said Board. The compensation and expenses of the members and officers of the said Board and all expenses proper and necessary in the opinion of the Board to the discharge of its duties under and to enforce the laws regulating the practice of medicine or surgery shall be paid out of said fund, upon the warrant of the said Board and all expenses proper and necessary in the opinion of the officers and members of said Board shall be fixed by the Board but shall not exceed ten dollars (\$10.00) per day per member for time spent in the performance and discharge of his duties as a member of said Board, and reimbursement for travel and other necessary expenses incurred in the performance of his duties as a member of said Board. Any unexpended sum or sums of money remaining in the treasury of said Board at the expiration of the terms of office of the members thereof shall be paid over to their successors in office.

For the initial and annual registration of an assistant to a physician, the Board may require the payment of a fee not to exceed a reasonable amount.

§ 90-15.1 Registration every two years with Board — Every person heretofore or hereafter licensed to practice medicine by said Board of Medical Examiners shall, during the month of January, 1958, and during the month of January in every even-numbered year thereafter, register with the secretary-treasurer of said Board his name and office and residence address and such other information as the Board may deem necessary and shall pay a registration fee fixed by the Board not in excess of twenty-five dollars (\$25.00). In the event a physician fails to register as herein provided he shall pay an additional amount of ten dollars (\$10.00) to the Board. Should a physician fail to register and pay the fees imposed, and should such failure continue for a period of 30 days, the license of such physician may be suspended by the Board, after notice and hearing at the next regular meeting of the Board. Upon payment of all fees and penalties which may be due, not to exceed a total of two hundred dollars (\$200.00) of accumulated fees and penalties, the license of any such physician shall be reinstated.

§ 90-16. Board to keep record; publication of names of licentiates; transcript as evidence; receipt of evidence concerning treatment of patient who has not consented to public disclosure. — The Board of Examiners shall keep a regular record of its proceedings in a book kept for that purpose, together with the names of the members of the Board present, the names of the applicants for license, and other information as to its actions. The Board of Examiners shall cause to be entered in a separate book the name of each applicant to whom a license is issued to practice medicine or surgery, along with any information pertinent to such issuance. The Board of Examiners shall publish the names of those licensed in three daily newspapers published in the State of North Carolina, within 30 days after granting the same. A transcript of any such entry in the record books, or certificate that there is not entered therein in the name and proficiency or date of granting such license of a person charged with the violation of the provisions of this Article, certified under the hand of the secretary and the seals of the Board of Medical Examiners of the State of North Carolina, shall be admitted as evidence in any court of this State when it is otherwise competent.

The Board may in an executive session receive evidence involving or concerning the treatment of a patient who has not expressly or impliedly consented to the public disclosure of such treatment as may be necessary for the protection of the rights of such patient or of the accused physician and the full presentation of relevant evidence. All records, papers and other documents containing information collected and compiled by the Board, or its members or employees as a result of investigations, inquiries or interviews conducted in connection with a licensing or disciplinary matter shall not be considered public records within the meaning of Chapter 132 of the General Statutes; provided, however, that any notice to any licensee of a hearing in any proceeding shall be a public record within the meaning of Chapter 132 of the General Statutes; provided, however, that any notice or statement of charges against any licensee, or any notice to any licensee of a hearing in any proceeding shall be a public record within the meaning of Chapter 132 of the General Statutes, notwithstanding that it may contain information collected and compiled as a result of any such investigation, inquiry or interview; and provided, further, that if any such record, paper or other document containing information theretofore collected and compiled by the Board, as hereinbefore provided, is received and admitted in evidence in any hearing before the Board, it shall thereupon be a public record within the meaning of Chapter 132 of the General Statutes.

In any proceeding before the Board, in any record of any hearing before the Board, and in the notice of the charges against any licensee (notwithstanding any provision herein to the contrary) the Board may withhold from public disclosure the identity of a patient who has not expressly or impliedly consented to the public disclosure of treatment by the accused physician.

§ 90-17. — Repealed by Session Laws 1967, C 691, S. 59.

§ 90-18. Practicing without license; practicing defined; penalties — No person shall practice medicine or surgery, or any of the branches thereof, nor in any case prescribe for the cure of diseases unless he shall have been first licensed and registered so to do in the manner provided in this Article, and if any person shall practice medicine or surgery without being duly licensed and registered, as provided in this Article, he shall not be allowed to maintain any action to collect any fee for such services. The person so practicing without license shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty dollars (\$50.00) nor more than one hundred dollars (\$100.00), or imprisoned at the discretion of the court for each and every offense.

Any person shall be regarded as practicing medicine or surgery within the meaning of this Article who shall diagnose or attempt to diagnose, treat or attempt to treat, operate or attempt to operate on, or prescribe for or administer to, or profess to treat any human ailment, physical or mental, or any physical injury to or deformity of another person: Provided, that the following cases shall not come within the definition above recited:

- (1) The administration of domestic or family remedies in cases of emergency.

- (2) The practice of dentistry by any legally licensed dentist engaged in the practice of dentistry and dental surgery.
- (3) The practice of pharmacy by any legally licensed pharmacist engaged in the practice of pharmacy.
- (4) The practice of medicine and surgery by any surgeon or physician of the United States army, navy, or public health service in the discharge of his official duties.
- (5) The treatment of the sick or suffering by mental or spiritual means without the use of any drugs or other material means.
- (6) The practice of optometry by any legally licensed optometrist engaged in the practice of optometry.
- (7) The practice of midwifery by any woman who pursues the vocation of midwife.
- (8) The practice of chiropody by any legally licensed chiropodist when engaged in the practice of chiropody, and without the use of any drug.
- (9) The practice of osteopathy by any legally licensed osteopath when engaged in the practice of osteopathy as defined by law, and especially G.S. 90-129.
- (10) The practice of chiropractic by any legally licensed chiropractor when engaged in the practice of chiropractic as defined by law, and without the use of any drug or surgery.
- (11) The practice of medicine or surgery by any reputable physician or surgeon in a neighboring state coming into this State for consultation with a resident registered physician. This proviso shall not apply to physicians resident in a neighboring state and regularly practicing in this State.
- (12) Any person practicing radiology as hereinafter defined shall be deemed to be engaged in the practice of medicine within the meaning of this Article. "Radiology" shall be defined as, that method of medical practice in which demonstration and examination of the normal and abnormal structures, parts or functions of the human body are made by use of X ray. Any person shall be regarded as engaged in the practice of radiology who makes or offers to make, for consideration, a demonstration or examination of a human being or a part or parts of a human body by means of fluoroscopic exhibition or by the shadow imagery registered with photographic materials and the use of X rays; or holds himself out to diagnose or able to make or makes any interpretation or explanation by word of mouth, writing or otherwise of the meaning of such fluoroscopic or registered shadow imagery of any part of the human body by use of X rays; or who treats any disease or condition of the human body by the application of X rays or radium. Nothing in this subdivision shall prevent the practice of radiology by any person licensed under the provision of Articles 2, 7, 8, and 12 of this Chapter.
- (13) Any act, task or function performed by an assistant to a person licensed as a physician by the Board of Medical Examiners when
 - a. Such assistant is approved by and annually registered with the Board as one qualified by training or experience to function as an assistant to a physician, except that no more than two assistants may be currently registered for any physician, and
 - b. Such act, task or function is performed at the direction or under the supervision of such physician, in accordance with rules and regulations promulgated by the Board, and
 - c. The services of the assistant are limited to assisting the physician in the particular field or fields for which the assistant has been trained, approved and registered;Provided that this subdivision shall not limit or prevent any physician from delegating to a qualified person any acts, tasks or functions which are otherwise permitted by law or established by custom.

- (14) The practice of nursing by a registered nurse engaged in the practice of nursing and the performance of acts otherwise constituting medical practice by a registered nurse when performed in accordance with rules and regulations developed by a joint subcommittee of the Board of Medical Examiners and the Board of Nursing and adopted by both boards.

§ 90-18.1. Limitation on physician's assistants. —

- (1) Any person who is approved under the provision of G.S. 90-18(13) to perform medical acts, tasks or functions as an assistant to a physician may use the title "physician assistant." Any other person who uses the title in any form or holds out to be a physician assistant or to be so approved, shall be deemed to be in violation of this Article.
- (2) Physician assistants are authorized to write prescriptions for drugs under the following conditions:
 - a. The Board of Medical Examiners has adopted regulations governing the approval of individual physician assistants to write prescriptions with such limitations as the Board may determine to be in the best interest of patient health and safety;
 - b. The physician assistant has current approval from the Board;
 - c. The Board of Medical Examiners has assigned an identification number to the physician assistant which is shown on the written prescription; and
 - d. The supervising physician has provided to the physician assistant written instructions about indications and contraindications for prescribing drugs and a written policy for periodic review by the physician of the drugs prescribed.
- (3) Physician assistants are authorized to compound and dispense drugs under the following conditions:
 - a. The function is performed under the supervision of a licensed pharmacist, and
 - b. Rules and regulations of the North Carolina Board of Pharmacy governing this function are complied with.
- (4) Physician assistants are authorized to order medications, tests and treatments in hospitals, clinics, nursing homes and other health facilities under the following conditions:
 - a. The Board of Medical Examiners has adopted regulations governing the approval of individual physician assistants to order medications, tests and treatments with such limitations as the Board may determine to be in the best interest of patient health and safety;
 - b. The physician assistant has current approval from the Board;
 - c. The supervising physician has provided to the physician assistant written instructions about ordering medications, tests and treatments, and when appropriate, specific oral or written instructions for an individual patient, with provision for review by the physician of the order within a reasonable time, as determined by the Board, after the medication, test or treatment is ordered; and
 - d. The hospital or other health facility has adopted a written policy, approved by the medical staff after consultation with the nursing administration, about ordering medications, tests and treatments, including procedures for verification of the physician assistants' orders by nurses and other facility employees and such other procedures as are in the interest of patient health and safety.
- (5) Any prescription written by a physician assistant or order given by a physician assistant for medications, tests or treatments shall be deemed to have been authorized by the physician approved by the Board as the supervisor of the physician assistant and such supervising physician shall be responsible for authorizing such prescription or order.

- (6) Any registered nurse or licensed practical nurse who received an order from a physician assistant for medications, tests or treatments is authorized to perform that order in the same manner as if it were received from a licensed physician.

§ 90-18.2. Limitations on nurse practitioners. —

- (1) Any nurse approved under the provisions of G.S. 90-18(14) to perform medical acts, tasks or functions may use the title "nurse practitioner." Any other person who uses the title in any form or holds out to be a nurse practitioner or to be so approved, shall be deemed to be in violation of this Article.
- (2) Nurse practitioners are authorized to write prescriptions for drugs under the following conditions:
 - a. The Board of Medical Examiners and Board of Nursing have adopted regulations developed by a joint subcommittee governing the approval of individual nurse practitioners to write prescriptions with such limitations as the board may determine to be in the best interest of patient health and safety.
 - b. The nurse practitioner has current approval from the boards;
 - c. The Board of Medical Examiners has assigned an identification number to the nurse practitioner which is shown on the written prescription; and
 - d. The supervising physician has provided to the nurse practitioner written instructions about indications and contraindications for prescribing drugs and a written policy for periodic review by the physician of the drugs prescribed.
- (3) Nurse practitioners are authorized to compound and dispense drugs under the following conditions:
 - a. The function is performed under the supervision of a licensed pharmacist; and
 - b. Rules and regulations of the North Carolina Board of Pharmacy governing this function are complied with.
- (4) Nurse practitioners are authorized to order medications, tests and treatments in hospitals, clinics, nursing homes and other health facilities under the following conditions:
 - a. The Board of Medical Examiners and Board of Nursing have adopted regulations developed by a joint subcommittee governing the approval of individual nurse practitioners to order medications, tests and treatments with such limitations as the boards may determine to be in the best interest of patient health and safety;
 - b. The nurse practitioner has current approval from the boards;
 - c. The supervising physician has provided to the nurse practitioner written instructions about ordering medications, tests and treatments, and when appropriate, specific oral or written instructions for an individual patient, with provision for review by the physician of the order within a reasonable time, as determined by the Board, after the medication, test or treatment is ordered; and
 - d. The hospital or health facility has adopted a written policy, approved by the medical staff after consultation with the nursing administration, about ordering medications, tests and treatments, including procedures for verification of the nurse practitioners' orders by nurses and other facility employees and such other procedures as are in the interest of patient health and safety.
- (5) Any prescription written by a nurse practitioner or order given by a nurse practitioner for medications, tests or treatments shall be deemed to have been authorized by the physician approved by the boards as the supervisor of the nurse practitioner and such supervising physician shall be responsible for authorizing such prescription or order.

- (6) Any registered nurse or licensed practical nurse who receives an order from a nurse practitioner for medications, tests or treatments is authorized to perform that order in the same manner as if it were received from a licensed physician.

§ 90-19, 90-20: Repealed by Session Laws 1967, c. 691, s. 59.

§ 90-21. Certain offenses prosecuted in superior court; duties of Attorney General. — In case of the violation of the criminal provisions of G.S. 90-18, the Attorney General of the State of North Carolina, upon complaint of the Board of Medical Examiners of the State of North Carolina, shall investigate the charges preferred, and if in his judgment the law has been violated, he shall direct the district attorney of the district in which the offense was committed to institute a criminal action against the offending persons. A district attorney's fee of five dollars (\$5.00) shall be allowed and collected in accordance with the provisions of G.S. 6-12. The Board of Medical Examiners may also employ, at their own expense, special counsel to assist the Attorney General or the district attorney.

Exclusive original jurisdiction of all criminal actions instituted for the violations of G.S. 90-18 shall be in the superior court, the provisions of any special or local act to the contrary notwithstanding.

CHAPTER 32 — BOARD OF MEDICAL EXAMINERS

SUBCHAPTER 32A — ORGANIZATION

.0001 Location

The location of the office of the Board of Medical Examiners is Suite 214 — 222 N. Person Street, Raleigh, North Carolina 27601, (919) 833-5321.

.0002 Purpose

The purpose of the Board of Medical Examiners is to regulate the practice of medicine and surgery in the State of North Carolina.

The board shall maintain the following records in the office of the executive secretary:

- (1) minutes of each meeting;
- (2) books of licensure of all physicians licensed in the State of North Carolina; The Board of Medical Examiners shall publish the names of those licensed in three daily newspapers published in the State of North Carolina, within 30 days after granting the license.

.0003 Structure

Seven regularly graduated physicians are appointed by the North Carolina Medical Society to serve for a term of six years.

Administrative staff is headed by the executive secretary of the board.

.0004 Meetings

The board customarily meets seven times a year in January, March, May, June, August, October and December.

Other meetings may be called by the president or upon written request of the majority of the members of the board.

.0005 Requirement Exception

When the board finds that an applicant is unable to comply with the requirements for proof of qualification for licensure because of circumstances beyond his control, the board may accept in lieu of such requirements such other evidence or information which will satisfy the board that such applicant is qualified for licensure or approval as required by law.

.0006 Provisions for Petition for a Rule Change

Each person desiring to petition for the adoption, amendment or repeal of a rule should submit the following information to the board:

- (1) name of agency;
- (2) draft of the proposed rule;
- (3) reasons for proposal;
- (4) effect of existing rules or orders;
- (5) data supporting proposal;
- (6) effect on existing practices in the area involved (including costs);
- (7) names of those most likely to be affected, with addresses (if known);
- (8) name and address of petitioner.

The executive secretary shall conduct an interview with board members as appropriate to render a decision regarding denial of petition or initiation of rule making proceedings in accordance with G.S. 150.12.

.0007 Declaratory Rulings

The board may consider the validity of a rule only when the petitioner shows that circumstances are so changed since adoption of the rule that such a ruling would be warranted, or that the rule making record evidences a failure by the

agency to consider specified relevant factors. The petitioner shall state the consequences of a failure to issue a ruling.

.0008 Records on File

All rules and other written statements of policy or interpretations formulated, adopted, or used by the board in the discharge of its functions, all final orders, decisions and opinions made after February 1, 1976, together with all materials that were before the deciding officers at the time of the final orders, decisions or opinions, except materials properly for good cause held confidential, are on file at the office of the Board of Medical Examiners.

SUBCHAPTER 32B — LICENSE TO PRACTICE MEDICINE

SECTION .0100 — LICENSE BY WRITTEN EXAMINATION

.0101 Grade A Medical School

All physician applicants must be graduates of grade A medical schools.

Note: An informational form entitled "Requirements for Written Examination" is available from the office of the Board of Medical Examiners.

.0102 Foreign Medical Graduates

Foreign medical graduates must furnish photocopy of standard certificate of the ECFMG (Educational Commission for Foreign Medical Graduates). Upon successfully passing the ECFMG examination and successfully completing an approved Fifth Pathway Program (as defined in Directory of Accredited Residences 1977-1978, American Medical Association, 535 North Dearborn Street, Chicago, Illinois 60610, pp. 30-32), ECFMG certification may be waived.

The board may waive the ECFMG certification if the foreign medical graduate has been licensed in another state on the basis of written examination prior to 1958.

The North Carolina Board of Medical Examiners requires foreign medical graduates to take the North Carolina examination, FLEX (Federation Licensing Examination), and obtain a FLEX weighted average of 75 or more on a single three day examination. Physicians who have been licensed in another state on the basis of a FLEX weighted average of 75 or more on a single three day examination may be eligible to apply for a license based on endorsement of credentials.

Foreign medical graduates who have been licensed in another state on the basis of examination, which was not FLEX, and have been certified by an American specialty board, may be considered on an individual basis by the board for a license based on endorsement of credentials.

.0103 Certification of Graduation

Certification of graduation by the dean of applicant's medical school is required.

.0104 Certified Photograph

Applicant must furnish recent photograph certified as his true likeness by the dean of his medical school with the dean's signature and the seal of the school affixed thereon.

.0105 Citizenship

U.S.A. or Canadian citizenship is required. Alien registration receipt card is acceptable in lieu of citizenship. Immigrant applicants must present this card at time of interview, which must be held 60 days prior to the date of the examination.

.0106 Application

Application must be typewritten, containing full name, address, place and date of birth and medical education of applicant (in the form of a letter).

.0107 Letters of Recommendation

Three letters of recommendation, originals addressed to the N.C. Board of Medical Examiners are required. One of these letters must be from someone who has known the applicant for a period of 10 years. Two of these letters must be from physicians.

.0108 Military Status

Copy of military discharge or statement as to military status is required.

.0109 Fee

Fee in the amount of one hundred fifty dollars (\$150.00) is to be paid at time of application. In the event applicant fails to make a passing grade of 75 on the examination, there will be no refund of fee. In the event applicant does not appear for the regularly scheduled examination, 50 percent of the fee will be retained.

.0110 Deadline

In order for the applicant to be eligible for the examination, all data must be in the hands of the executive secretary of the board 60 days prior to examination.

.0111 Passing Score

To pass the examination successfully, the applicant is required to attain a FLEX weighted average of 75 or more on a single three days examination.

Physicians who have completed the requirements to take the examination, FLEX, and have completed one year of postgraduate training approved by the board, may be granted a resident's training license to cover their practice as a staff physician at one of the state hospitals upon submission of a letter of application, appointment letter from the hospital director and payment of ten dollar (\$10.00) fee. After the issuance of the resident's training license such applicant must take the next available examination and obtain a FLEX weighted average of at least 70 on his first examination in order for the physician to continue working in the state hospital. The applicant must then take the next available examination and obtain a FLEX weighted average of 75 or more in order to be licensed to practice. Failure to make at least 70 on the first examination or at least 75 on the second examination will result in the voiding of the resident's training license.

.0112 Time and Location

The board holds two examinations each year in June and December in Raleigh, North Carolina.

.0113 Postgraduate Training

Applicant must give evidence that he has successfully completed one year of postgraduate medical training approved by the board after graduation from medical school prior to issuance of a license to practice medicine in the State of North Carolina.

SECTION .0200 — LICENSE BY ENDORSEMENT

.0201 Grade A Medical School

All physician applicants must be graduates of grade A medical schools.

Note: An informational form entitled "Requirements for Certificate to Practice Medicine Through Endorsement" is available from the office of the Board of Medical Examiners.

.0202 Foreign Medical Students

Foreign medical graduates must furnish photocopy of standard certificate of the ECFMG (Educational Commission for Foreign Medical Graduates). Upon successfully passing the ECFMG examination and successfully completing an approved Fifth Pathway Program (as defined in Directory of Accredited Residences 1977-1978, American Medical Association, 535 North Dearborn

Street, Chicago, Illinois 60610, pp. 30-32), ECFMG certification may be waived.

The board may waive the ECFMG certification if the foreign medical graduate has been licensed in another state on the basis of written examination prior to 1958.

The North Carolina Board of Medical Examiners requires foreign medical graduates to take the North Carolina examination, FLEX (Federation Licensing Examination), and obtain a FLEX weighted average of 75 or more on a single three day examination. Physicians who have been licensed in another state on the basis of a FLEX weighted average of 75 or more on a single three day examination may be eligible to apply for a license based on endorsement of credentials.

Foreign medical graduates who have been licensed in another state on the basis of examination, which was not FLEX, and have been certified by an American specialty board, may be considered on an individual basis by the board for a license based on endorsement of credentials.

.0203 Citizenship

U.S.A. or Canadian citizenship is required. Alien registration receipt card is acceptable in lieu of citizenship. Immigrant applicants must present this card at time of interview.

.0204 Application

The application form requests information regarding the applicant's personal, educational and professional background. The application form is to be completed by the dean of medical school; board issuing original license, if by written examination; or National Board of Medical Examiners; and if affiliated, by the secretary of the applicant's medical society. This form may be obtained from the office of the Board of Medical Examiners.

.0205 Military Status

Copy of military discharge or statement as to military status is required.

.0206 Letters of Recommendation

Three letters of recommendation, originals addressed to the N.C. Board of Medical Examiners are required. One of these letters must be from someone who has known the applicant for a period of 10 years. Two of these letters must be from physicians.

.0207 Photographs

Two photographs must be furnished, one to be attached to application, one unmounted. Foreign medical graduates are required to have the unmounted photograph certified by the dean of their medical school as true likeness with the dean's signature and the seal of the school affixed thereon.

.0208 Fee

Fee of one hundred dollars (\$100.00) is to be paid at time of application. In the event the applicant does not appear for the next regularly scheduled meeting, 50 percent of the fee may be retained. In the event licensure is declined, 10 percent of the fee may be retained.

.0209 Personal Interview

A non-foreign medical graduate who received the M.D. degree within the past eight years at the time of application, may appear before the executive secretary upon completion of all credentials, in lieu of interview before the board.

.0210 Deadline

In order for applicant to be eligible to appear before the board, all data must be in the hands of the executive secretary of the board 15 days prior to the meeting.

.0211 Endorsement Relations

The board has no endorsement relations with the government services nor with licensing medical boards outside of the United States and its territories.

.0212 Routine Inquires

The board must receive information on behalf of each applicant in reply to routine inquiries sent to the American Medical Association, the state medical boards by which applicant is licensed and the Federal Drug Enforcement Administration.

.0213 Postgraduate Training

Applicant must give evidence that he has successfully completed one year of postgraduate medical training approved by the board after graduation from medical school prior to issuance of a license to practice medicine in the State of North Carolina.

SECTION .0300 — TEMPORARY LICENSE BY ENDORSEMENT

.0301 Application Form

Application must be completed by the dean of medical school; board issuing original license, if by written examination; or National Board of Medical Examiners; and if affiliated, by the secretary of applicant's medical society.

Note: An informational form entitled "Requirements for Temporary License to Practice Medicine" is available from the office of the Board of Medical Examiners.

.0302 Letters of Recommendation

Three letters of recommendation, originals addressed to the North Carolina Board of Medical Examiners are required. One of these letters must be from someone who has known the applicant for a period of 10 years. Two of these letters must be from physicians.

.0303 Certified Photograph

Applicant must submit recent photograph certified by the dean or other official of his medical school, "this photograph is certified as a true likeness of Dr. _____ who attended the _____ medical school and received the M.D. degree in _____ 19 _____." The photograph must bear the dean's signature and the seal of the school. This certified photograph must be mailed directly from the dean's office to the board's office.

.0304 Citizenship

U.S.A. or Canadian citizenship is required. Alien registration receipt card is acceptable in lieu of citizenship. Immigrant applicants must present this card at time of interview.

.0305 State Board Inquiries

Applicants must request a report from each state board in which he has been licensed to practice medicine, whether current or not, in the form of a letter to the North Carolina Board of Medical Examiners, regarding the status of the applicant's license and also whether or not the license issued by the board has been revoked, suspended or surrendered, or had any probationary terms placed against it. These letters must be mailed directly from various state boards to the North Carolina Board of Medical Examiners.

.0306 AMA Report

An AMA Physician Statistics Report must be mailed directly to the North Carolina Board of Medical Examiners. Physicians should contact the Department of Physician Statistics, American Medical Association, 535 N. Dearborn St., Chicago, Ill. 60610, Phone: (312) 751-6000.

.0307 DEA Report

Physician applicants must request that a Drug Enforcement Administration report be sent to the Board of Medical Examiners from all states or areas where applicant has been licensed.

.0308 Military Status

Copy of military discharge or statement as to military status is required.

.0309 Foreign Medical Graduates

Foreign medical graduates must furnish photocopy of standard certificate of the ECFMG (Educational Commission for Foreign Medical Graduates). Upon successfully passing the ECFMG examination and successfully completing an approved Fifth Pathway Program (as defined in Directory of Accredited Residencies 1977-78, American Medical Association, 535 North Dearborn Street, Chicago, Illinois 60610, pp. 30-32), ECFMG certification may be waived.

The board may waive the ECFMG certification if the foreign medical graduate has been licensed in another state on the basis of written examination prior to 1958.

The North Carolina Board of Medical Examiners requires foreign medical graduates to take the North Carolina examination, FLEX (Federation Licensing Examination), and obtain a FLEX weighted average of 75 or more on a single three day examination. Physicians who have been licensed in another state on the basis of a FLEX weighted average of 75 or more on a single three day examination may be eligible to apply for a license based on endorsement of credentials.

Foreign medical graduates who have been licensed in another state on the basis of examination, which was not FLEX, and have been certified by an American specialty board, may be considered on an individual basis by the board for a license based on endorsement of credentials.

.0310 Fee

Fee of one hundred dollars (\$100.00) is to be paid at time of application. This fee is applicable to full licensure after appearing before the board.

.0311 Hardship

SUBCHAPTER 32C — PROFESSIONAL CORPORATIONS

.0001 Authority: Scope and Definition

Chapter 55B of the General Statutes of North Carolina being "The Professional Corporation Act," authorizes the Board of Medical Examiners of the State of North Carolina to adopt regulations for professional corporations practicing medicine. The rules in this Subchapter are adopted by the board pursuant to this authority.

The rules in this Subchapter supplement the basic statutory law governing professional corporations and shall be interpreted in harmony with this statute and with other statutes and laws governing corporations generally.

"Board" means the Board of Medical Examiners of the State of North Carolina.

"Licensee" means any natural person who is duly licensed to practice medicine in North Carolina.

"Professional corporation" means professional corporations organized for the purpose of practicing medicine in North Carolina.

"Secretary" means the Executive Secretary of the Board of Medical Examiners of the State of North Carolina.

"Assistant secretary" means the Assistant Executive Secretary of the Board of Medical Examiners of the State of North Carolina.

.0002 Name of Professional Corporation

The following requirements must be met regarding the corporate name:

- (1) The name of every professional corporation referred to herein shall be governed by the provisions of Chapter 55, the Business Corporation Act,

of the General Statutes of North Carolina; provided that professional corporations may use the words "professional association," or "P.A.," in lieu of corporate designations specified in Chapter 55; and provided further that the name of such corporation shall not include any adjectives or words not in accordance with ethical customs of the medical profession or the use of any words descriptive of any medical surgical specialty unless the specialty designation is preceded by another modifying word or words, such as a geographical area of location designation or a proper name.

- (2) A professional corporation may not use any name other than its corporate name.
- (3) Upon proper authorization, the surname of any bona fide shareholder may be retained in the corporate name after his death or after his retirement or inactivity because of age or disability, even though he may have disposed of his stock.
- (4) If a living shareholder in a professional corporation whose surname appears in the corporate name becomes a "disqualified person" as that term is defined in the Professional Corporation Act, the name of the professional corporation shall be promptly changed to eliminate the name of such shareholder, and such shareholder shall promptly dispose of his stock in the corporation.

.0003 Prerequisites for Incorporation

The following requirements must be met in order to incorporate:

- (1) The incorporator, whether one or more, of a professional corporation shall be duly licensed to practice medicine in North Carolina. Before the filing of the articles of incorporation with the Secretary of State, the incorporators shall file with the secretary of the board the original articles of incorporation, and additional executed copy, and conformed copy, together with a registration fee of fifty dollars (\$50.00)
- (2) The original articles of incorporation, the executed copy and the conformed copy so filed shall be accompanied by the certificate (P.C. Form 1) to the board certified by all incorporators, setting forth the names and addresses of each person who will be employed by said corporation to practice medicine for said corporation, and stating that all such persons are duly licensed to practice medicine in North Carolina, and representing that the corporation will be conducted in compliance with the Professional Corporation Act and these regulations. The number of shares to be owned by each original shareholder need not be stated.
- (3) The original articles of incorporation, the executed copy and the conformed copy shall each be accompanied by a form of certificate (P.C. Form 2) for the secretary, president or assistant secretary to sign, certifying each of the incorporators and each of the persons who will be original shareholders is duly licensed to practice medicine in North Carolina. It shall be the duty of the secretary, president or assistant secretary with the advice of the attorney for the board to review the articles of incorporation for compliance with the laws relating to professional corporations and with these regulations. If such compliance be found to exist, the secretary, president or assistant secretary shall execute the said certificate (P.C. Form 2) on the original articles of incorporation, on the executed copy and on the copy and return the original and the conformed copies to incorporators for filing with the Secretary of State. The executed copy of the articles of incorporation with the certificates (P.C. Forms 1 and 2) shall be retained in the office of the secretary. If the Articles of incorporation are thereafter in any manner changed before being filed with the Secretary of State, they shall be re-submitted to the secretary of the board and shall not be filed with the Secretary of State until approved by the secretary of the board.

.0004 Certificate of Registration

The Certificate of Registration shall be issued as follows:

- (1) If the secretary, president or assistant secretary of the board makes the findings necessary to execute the certificate specified in 21 NCAC 32C .0003(3) and finds that no disciplinary action is pending before the board against any of the licensed incorporators or persons who will be directors,

officers, shareholders or employees of such corporation and it appears to him that such corporation will be conducted in compliance with the law and these regulations, the secretary, president or assistant secretary shall issue a Certificate of Registration (P.C. Form 3) for the professional corporation to become effective only when the professional corporation upon filing the articles of incorporation with the Secretary of State. If the required findings cannot be made the registration fee shall be refunded to the incorporators.

- (2) The initial Certificate of Registration shall remain effective until December 31 preceding the year in which licensees are required to register with the board.
- (3) The Certificate of Registration may be renewed biennially thereafter for years in which licensees are required to register upon written application (P.C. Form 4) to the secretary, certifying the names and addresses of all licensed officers, directors, shareholders and employees of the corporation and representing that the corporation has complied with these regulations and the provisions of the Professional Corporation Act and a finding by the secretary, president or assistant secretary that the facts stated in the certificate and the representations are correct. The application shall be accompanied by a renewal fee of twenty-five dollars (\$25.00).

.0005 Stock and Financial Matters

The regulation and control of stocks shall be as follows:

- (1) The chief executive officer of a professional corporation shall be a person duly licensed to practice medicine in North Carolina.
- (2) A professional corporation may acquire and hold its own stock.
- (3) No person other than a licensee shall exercise any authority whatsoever over professional matters.
- (4) The income of a professional corporation attributable to its practice during the time that a living shareholder is a "disqualified person" as defined in G.S. 55B-2 (1) shall not in any manner accrue to the benefit of such a shareholder or his shares.
- (5) Subject to the provision of G.S. 55B-7, a professional corporation may make such agreement with its shareholders or its shareholders may make such agreement between themselves as they deem just for the acquisition of the shares of a deceased or retiring shareholder or of a shareholder who becomes disqualified to own shares under the Professional Corporation Act or under these regulations.
- (6) There shall be prominently displayed on the face of all certificates of stock in a professional corporation a legend that any transfer of these shares is subject to the provisions of the Professional Corporation Act of North Carolina and the regulations of the Board of Medical Examiners of the State of North Carolina issued pursuant thereto.
- (7) All shareholders of a professional corporation registered hereunder must at all times be duly licensed to practice medicine in North Carolina.
- (8) If any licensee who is a shareholder or employee of a professional corporation ceases to be licensed by the board for any reason then his or her employment and financial interest in the corporation must be terminated forthwith. The professional corporation shall report to the board within 30 days after the occurrence the fact that any shareholder or employee has ceased to be licensed by the board.
- (9) Any interest in a professional corporation belonging to a deceased shareholder shall be acquired by the professional corporation, or shall be acquired by one or more persons licensed by the board. Failure to comply with the requirement within one year after the date of the death of a deceased shareholder shall be grounds for the suspension or revocation of the registration of a professional corporation. The professional corporation shall report to the board within 30 days thereafter the death of any shareholder.
- (10) The professional corporation shall render medical services only by or through individuals licensed by the board to practice in North Carolina.
- (11) The professional corporation shall not render any professional service other than services involved in the practice of medicine and such services as

may be ancillary thereto and shall not engage in business provided, however, such corporation may own real and personal property necessary or appropriate for rendering professional services, and it may own interest in real estate, mortgages, stocks, bonds and other personal property for the purpose of investing its funds.

.0006 General and Administrative Provisions

The following general provisions shall apply to all incorporating professional associations:

- (1) If the secretary shall decline to execute the certificate required by 21 NCAC 32C .0003(3), or to issue a Certificate of Registration required by 21 NCAC 32C .0004(1), or renew the same when properly requested, or shall refuse to take any other action required of him in writing by a professional corporation, then aggrieved party may in writing request a review of such action by the board, and the board shall provide a formal hearing for such aggrieved party before the board or one of its members and such hearing shall be reported upon the request of and at the expense of the aggrieved party.
- (2) All amendments to and restated charters of professional corporations and all merger and consolidation agreements to which a professional corporation is a party, and all dissolution proceedings and similar changes in the corporate structure of a professional corporation, shall be filed with the secretary of the board for approval before being filed with the Secretary of State. A true copy of the changes filed with the Secretary of State shall be filed with the secretary of the board within 10 days after the same are filed with the Secretary of State.
- (3) The secretary, president or assistant secretary is authorized to issue the certificate (P.C. Form 5) required by G.S. 55B-6 when stock is transferred in a professional corporation, and such certificate shall be permanently attached to the stub of the transferee's certificate in the stock book of the professional corporation. The fee for such certificate shall be two dollars (\$2.00) for each name included in the certificate. The stock books of the corporation shall be kept at the principal office of the corporation and shall be subject to the inspection by the secretary or his delegate during business hours at the principal office of the corporation.
- (4) The corporation shall furnish to the secretary from time to time such information and documents relating to the administration of these regulations as the secretary or the board may reasonably request.

.0007 Forms

The following single forms may be secured from the office of the Board of Medical Examiners regarding professional corporations:

- (5) P.C. Form 4 — Application for Renewal of Certificate of Registration;
- (6) P.C. Form 5 — Certificate Authorizing Transfer of Stock in Professional Corporation Organized to Practice Medicine.

.0008 Fees

Initial registration fee of fifty dollars (\$50.00) is required.

Fee for renewal of Certificate of Registration is twenty-five dollars (\$25.00).

Fee for authorization for transfer of stock is two dollars (\$2.00).

SUBCHAPTER 32D — APPROVAL OF ASSISTANT TO PHYSICIAN

.0001 Definitions

The term “board” as herein used refers to the Board of Medical Examiners of the State of North Carolina.

The term “secretary” as herein used refers to the Executive Secretary of the Board of Medical Examiners of the State of North Carolina.

The term “assistant to a physician” as herein used refers to auxilliary, paramedical personnel who are functioning in a dependent relationship with a physician licensed by the board and who are performing tasks or combinations of tasks traditionally performed by the physician himself. Examples of such tasks would include history taking, physical examination, and treatment, such as the application of a cast. The regulations are not intended to cover or in any way prejudice the activities of assistants not engaged in direct patient contact or the performance of assistants with tasks well-defined by statute or recognized custom of medical practice.

The term “applicant” as herein used refers to the assistant upon whose behalf an application is submitted.

The term “supervision” is defined by the North Carolina Board of Medical Examiners as incorporating physician backup to assistants to physicians performing medical acts in the following ways:

- (1) Continuous availability of direct communications by radio, telephone or telecommunications;
- (2) The backup physician shall be available on regularly scheduled basis for:
 - (a) referrals;
 - (b) review of their practice between conferences incorporating:
 - (i) consultation;
 - (ii) chart review and co-signing records to document accountability:
 - (A) daily chart review except for situations that might be given individual consideration;
 - (B) prescribing within that practice setting, standing orders and drug protocol for interval between conferences to be part of this regular review and documentation;
 - (iii) continuing education;
- (3) A predetermined plan for emergency services.

.0002 Application for Approval

Application for approval of an assistant must be made upon forms supplied by the board and must be submitted by the physician with whom the assistant will work and who will assume responsibility for the assistant's performance.

Application forms submitted to the board must be completed in every detail. Every supporting document required by the application form must be submitted with each application.

If for any reason an assistant discontinues working at the direction or under the supervision of the physician who submitted the application under which the assistant is approved, such assistant shall so inform the board and his approval shall terminate until such time as a new application is submitted by the same or another physician and it is approved by the board.

When the proposed medical functions of an assistant to a physician shall include the prescribing of drugs, the supervising (backup) physician and the assistant shall review the formulary approved by the board, and shall acknowledge in the application to the board that they are familiar with the formulary and that such formulary will be a part of and incorporated in the approved standing orders. Changes in the formulary are to be approved by the board. In regard to changes the approved formulary may include any over-the-counter or non-prescription drug.

Prescriptions, except controlled substances, may upon specific orders of the supervising physician given before the prescription is issued, be written and issued by such assistant for the use by patients of drugs which are not included in the formulary. Such prescriptions shall be signed by the assistant with a notation thereon that the same was issued upon the specific order of the supervising

physician. For example: Mary Smith, P.A., on order of John Poe, M.D. However, no prescription shall be written or issued by such assistant for any drugs which are specified as controlled substances under the Federal Controlled Substances Act.

Assistants to physicians who are approved to prescribe drugs as herein provided shall be assigned a number which shall appear on all prescriptions issued by such assistant. The names and numbers of such assistants shall be recorded and transmitted to the North Carolina Board of Pharmacy.

.0003 Requirements for Approval

Before being approved by the board to perform as an assistant to a physician, an applicant shall:

- (1) be of good moral character and have satisfied the requirements of 21 NCAC 32D, .0004 hereof;
- (2) give evidence that he has successfully completed a training program recognized by the board under 21 NCAC 32D .0005 hereof;
- (3) give evidence of being currently certified by the National Commission on Certification of Physician's Assistants if graduated from a recognized training program after December 31, 1980; NCCPA certification shall be maintained and documented at the time of annual registration. Applicants who have graduated prior to December 31, 1980, shall be exempt from NCCPA certification.

Initial approval may be denied for any of the reasons set forth in 21 NCAC 32D .0006, Paragraph (1), hereof, as ground for termination of approval, as well as for failure to satisfy the board of the qualifications cited in Paragraph (1) for this Rule.

In hearings held pursuant to this Rule, the board shall admit and hear evidence in the same manner and form as prescribed by law for civil actions.

.0004 Moral Character

Every applicant shall be of good moral character, and the applicant shall have the burden of proving that he is possessed of good moral character.

All information furnished to the board by a applicant, and all answers and questions upon forms furnished by the board shall be deemed material and such forms and information shall be and become a permanent record of the board.

All investigations in reference to the moral character of an applicant may be informal, but shall be thorough, with the object of ascertaining the truth. Neither the hearsay rule, nor any other technical rule of evidence need be observed.

.0005 Requirements for Recognition of Training Programs

Application for recognition of a training program by the board shall be made by letter and supporting documents from the director of the program and must demonstrate to the satisfaction of the board that such program fulfills the requirements set forth in the second through the eighth paragraph of this Rule. (All physicians' assistant programs approved by the American Medical Association Council on Medical Education are recognized by the board.)

The training program must be sponsored by a college or university with appropriate arrangements for the clinical training of its students, such as a hospital maintaining a teaching program. There must be evidence that the program has education as its primary orientation and objective.

The program must be under the supervision of a qualified director, who has at his disposal the resources of competent personnel adequately trained in the administration and operation of educational programs.

Adequate space, light and modern equipment must be provided for all necessary teaching functions. A library, containing up-to-date textbooks, scientific periodicals, and reference material pertaining to clinical medicine, its underlying scientific disciplines, and its specialties, shall be readily accessible to students and faculty.

The curriculum must provide adequate instruction in the basic sciences underlying the medical practice to provide the trainee with an understanding of the nature of disease processes and symptoms, abnormal tests, drug actions, etc. This must be combined with instruction, observation and participation in history

taking, physical examination, therapeutic procedures, etc. This should be in sufficient depth to enable the graduate to integrate and organize historical and physical findings. The didactic instruction shall follow a planned and progressive outline and shall include an appropriate mixture of classroom lectures, textbook assignments, discussions, demonstrations, and similar activities. Instruction shall include practical instruction and clinical experience under qualified supervision sufficient to provide understanding of a skill in performing those clinical functions which the assistant may be asked to perform. There must be sufficient evaluative procedures to assure adequate evidence of competence. Although the student may concentrate his effort and his interest in a particular specialty of medicine, the program must insure that he possesses a broad general understanding of medical practice and therapeutic techniques.

Although some variation may be possible for the individual student, dependent on aptitude, previous education, and experience, the curriculum shall be designed to require two or more academic years for completion.

The program must have a faculty competent to teach the didactic and clinical material which comprises the curriculum. The faculty shall include at least one instructor who is a graduate of medicine, licensed to practice in the location of the school, and whose training and experience enable him to properly supervise progress and teaching in clinical subjects. He shall be in attendance for sufficient time to insure proper exposure of the student to clinical teaching and practice. The program may utilize instructors other than physicians, but sufficient exposure to clinical medicine must be provided to insure understanding of the patient, his problem, and the diagnostic and therapeutic responses to this problem.

The program must, through appropriate entrance requirements, insure that candidates accepted for training possess: (1) ability to use written and spoken language in effective communication with physicians, patients, and others; (2) quantification skills to insure proper calculation and interpretation of tests; (3) behavioral characteristics of honesty and dependability; and (4) high ethical and moral standards, in order to safeguard the interest of patients and others.

To retain its recognition of the board, a recognized program shall:

- (a) make available to the board yearly summaries of case loads and educational activities done by clinical affiliates, including volume of outpatient visits, number of inpatients, and the operating budget;
- (b) maintain a satisfactory record of the entrance qualifications and evaluations of all work done by each student, which shall be available to the board; and
- (c) notify the board in writing of any major changes in the curriculum or a change in the directorship of the program.

Recognition of a program may be withdrawn when, in the opinion of the board, the program fails to maintain the educational standards described above. When a program has not been in operation for a period of two consecutive years, recognition will automatically be withdrawn. Withdrawal of recognition from a program will in no way affect the status of an assistant who graduated from such program while it was recognized and who has been approved by the board.

.0006 Termination of Approval

The approval of an assistant shall be terminated by the board when, after due notice and hearing in accordance with the provisions of this Rule, it shall find:

- (1) that the assistant has held himself out or permitted another to represent him as a licensed physician;
- (2) that the assistant has in fact performed otherwise than at the direction or under the supervision of a physician licensed by the board;
- (3) that the applicant has been required to perform, or has performed, a medical task or tasks, function or functions for which the applicant is not approved or for which the applicant is not qualified by training to perform including prescribing or dispensing of drugs not included in the approved formulary; or
- (4) that the assistant is a habitual user of intoxicants or drugs to such extent that he is unable to perform as an assistant to the physician;

- (5) that the assistant has been convicted in any court, state or federal, of any felony or other criminal offense involving moral turpitude;
- (6) that the assistant has been adjudicated a mental incompetent or whose mental condition renders him unable to safely perform as an assistant to a physician; or
- (7) that the assistant has failed to comply with any of the provisions of 21 NCAC 32D .0007 hereof.

Before the board shall terminate approval granted by it to an assistant it will give to the assistant and to the physician to whom he is certified a written notice indicating the general nature of the charges, accusation, or complaint preferred against him and stating that the assistant will be given an opportunity to be heard concerning such charges or complaints at the time and place stated in such notice, or to be thereafter fixed by the board, and shall hold a public hearing within a reasonable time. Following such hearing, the board shall determine on these regulations whether the approval of the assistant shall be terminated.

In hearings held pursuant to this Rule, the board shall admit and hear evidence in the same manner and form as prescribed by law for civil actions.

.0007 Method of Performance

An assistant must clearly identify himself as an assistant to a physician, a physician's assistant, or by some other appropriate designation, in order to insure that he is not mistaken for a licensed physician. This may be accomplished, for example, by the wearing of an appropriate name tag.

The assistant must generally function in reasonable proximity to the physician. If he is to perform duties away from the responsible physician, such physician must clearly specify to the board those circumstances which would justify this action and the written policies established to protect the patient.

The assistant must be prepared to demonstrate upon request to a member of the board or to other persons designated by the board, his ability to perform those tasks assigned to him by his responsible physician.

.0008 Fees

Fee of fifty dollars (\$50.00) must be paid at the time of the application for approval.

Fee for annual registration, due July 1, is ten dollars (\$10.00).

.0009 Forms

The following forms may be secured from the office of the Board of Medical Examiners regarding approval for assistants to physicians:

- (1) Rules and Regulations for an Assistant to a Physician;
- (2) Application for Approval as an Assistant to a Physician;
- (3) Formulary;
- (4) Statement of Approval, upon being approved;
- (5) Notice of Registration;
- (6) Certificate of Registration, upon registering.

SUBCHAPTER 32E — APPROVAL OF REGISTERED NURSE PERFORMING MEDICAL ACTS

.0001 Definitions

The term "board" as used herein refers to the Board of Medical Examiners of the State of North Carolina.

The term "secretary" as used herein refers to the Executive Secretary of the Board of Medical Examiners of the State of North Carolina.

The term "registered nurse" as used herein refers to a registered nurse who is functioning and performing medical tasks or combination of tasks at the direction of or under the supervision of a physician licensed to practice medicine in North Carolina, and which nurse is approved by the board as being qualified by training and experience to perform the functions and tasks outlined in the application at the direction of or under the supervision of a physician.

The term "applicant" as used herein refers to the registered nurse on whose behalf an application is submitted to the board.

The term "supervision" is defined as incorporating physician backup to registered nurses performing medical acts in the following ways:

- (1) Continuous availability of direct communications by radio, telephone or telecommunications;
- (2) The backup physician shall be available on regularly scheduled basis for:
 - (a) referrals;
 - (b) review of the registered nurses' practice between conferences incorporating:
 - (i) consultation;
 - (ii) chart review and co-signing records not to exceed seven days depending on practice site;
 - (iii) continuing education;
- (3) A predetermined plan for emergency services.

.0002 Application for Approval

Application for approval of a registered nurse under these regulations shall be made upon forms supplied by the board, and shall be submitted by the R.N. and the physician or physicians at whose direction, or under whose supervision, such applicant will function and who will assume responsibility for the applicant's performance and functions.

The application forms shall be completed and shall be supported by documents attached to same, as set out and required by the application form.

If for any reason a registered nurse who has been approved under these regulations by the board ceases to perform duties at the direction of, or under the supervision of, the physician so named in the application for approval as herein provided, the board's approval heretofore issued for such registered nurse or applicant shall cease until a new application has been submitted to, and approved by, the board.

.0003 Requirements for Approval

Persons licensed as registered nurses under Article 9 of Chapter 90 of the General Statutes of North Carolina may be approved pursuant to the provisions of Article 1 of Chapter 90 of the General Statutes of North Carolina when the board receives an application for approval of such person on the form provided by the board, signed by such person and signed by the physician who is supervising the medical acts or performance of, showing and certifying:

- (1) That the person for whom approval is requested has been licensed as a registered nurse by the North Carolina Board of Nursing;
- (2) A general description of the medical functions, tasks, and duties which such registered nurse will be expected to perform;
- (3) That such registered nurse has received and has satisfactorily completed a formal or courses of education and instruction in the procedures and practices which such nurse will be expected to perform as approved by the board, or that such registered nurse has received and successfully completed such other education and instruction as may be approved by the board; such education and instruction must contain a core curriculum which shall include four months of didactic training and four months of preceptorship or supervised clinical experience. Nurse practitioners approved prior to January 18, 1981, are permanently exempt from the core curriculum requirement. Any registered nurse in North Carolina who has been certified by a national board approved by the joint subcommittee shall be exempt from the core curriculum requirement. The core curriculum shall contain as a minimum the following:
 - (a) interviewing and history taking;
 - (i) communication skills;
 - (ii) complete health history;
 - (iii) organization of data base;
 - (b) complete physical examination of all body systems;
 - (c) common illnesses;
 - (i) pathophysiology;
 - (ii) differential diagnosis for the purpose of consultation, referral, or management of;

- (F) common infectious diseases;
- (G) common emergencies;
- (H) common neuro-psychiatric problems;
- (I) common skin problems;
- (J) common hematological problems;
- (K) common endocrine problems;
- (d) health care and prevention of disease;
 - (i) growth and development;
 - (ii) immunizations;
 - (iii) health maintenance;
- (e) teaching and counseling;
 - (i) family dynamics;
 - (ii) health and prevention of disease;
 - (iii) coping mechanisms;
- (f) role realignment and trends;
 - (i) NP role;
 - (ii) primary care trends;
- (4) The extent and nature of supervision by a doctor licensed to practice medicine of the performance of the medical functions and tasks which such registered nurse will be expected to perform; and
- (5) That such registered nurse is qualified to perform properly the medical functions, tasks, and duties described in the Application for Approval, and the Board of Nursing has approved and has recommended approval of such application by the Board of Medical Examiners.

When the proposed medical functions of a registered nurse include prescribing of drugs, the supervising (backup) physician and the registered nurse shall review the formulary approved by the North Carolina Board of Nursing and the Board of Medical Examiners of the State of North Carolina, and shall acknowledge in the application to the board that they are familiar with the formulary, and that such formulary will be a part of and incorporated in the approved standing orders. Changes in the formulary are to be approved by the board. In regard to changes, the approved formulary may include any over-the-counter or non-prescription drug.

Prescriptions, except controlled substances, may, upon specific orders of the supervising physician given before the prescription is issued, be written and issued by such registered nurse for the use by patients of drugs which are not included in the formulary. Such prescriptions shall be signed by the registered nurse with a notation thereon that the same was issued upon the specific order of the supervising physician. For example: Mary Smith, R.N., on order of John Poe, M.D. However, no prescription shall be written or issued by such registered nurse for any drugs which are specified as controlled substances under the Federal Controlled Substances Act.

Registered nurses who are approved to prescribe drugs as herein provided shall be assigned a number which shall appear on all prescriptions issued by such registered nurse. The names and numbers of such registered nurses shall be recorded and transmitted to the North Carolina Board of Pharmacy.

.0004 Moral Character

Every applicant shall be of good moral character which must be shown to the satisfaction of the board. The applicant may be required to appear personally before the board before final approval of an application.

.0005 Termination of Approval

The approval as herein provided for a registered nurse may be terminated by the board when, after due notice and hearing, the board shall find:

- (1) that the applicant has engaged in the performance of medical functions and tasks other than at the direction of, or under the supervision of, a physician

licensed by the board; or

- (2) that the applicant has been required to perform, or has performed, a medical task or tasks, function or functions for which the applicant is not approved or for which the applicant is not qualified by training to perform including prescribing or dispensing of drugs not included in the approved formulary; or
- (3) that the applicant is a habitual user of intoxicants or drugs to such an extent that she is unable to perform safely the duties assigned to the applicant; or
- (4) that the applicant has been convicted in any court of a felony or of any other crime involving moral turpitude; or
- (5) that the applicant has been adjudicated a mental incompetent or whose mental or physical condition renders her unable to perform safely and the duties assigned to her.

.0006 Annual Approval

Applicants approved under these regulations shall be approved annually with the board on forms supplied by the board on or before July 1 of each year.

.0007 Fees

The application for approval shall be accompanied by the sum of ten dollars (\$10.00) and the annual fee for re-approval shall be ten dollars (\$10.00)

.0008 Forms

The following forms may be secured from the office of the Board of Medical Examiners regarding approval for registered nurses performing medical acts:

- (1) Rules and Regulations for Registered Nurses Performing Medical Acts;
- (2) Application for Approval of a Registered Nurse Performing Medical Acts;
- (3) Formulary;
- (4) Letter of Approval, upon approval;
- (5) Notice of Re-approval;
- (6) Certificate of Re-approval, upon re-approval.

SUBCHAPTER 32F — BIENNIAL REGISTRATION

.0001 Time

Every person heretofore or hereafter licensed to practice medicine by the Board of Medical Examiners shall, during the month of January in every even-numbered year, register with the secretary-treasurer of the board.

.0002 Required Information

- (1) name,
- (2) office address,
- (3) residence address,
- (4) such other information as the board may deem necessary.

.0003 Fee

Each physician shall pay a registration fee fixed by the board not in excess of twenty dollars (\$20.00) to the board.

.0004 Failure to Register (Repealed)

.0005 Forms

The following forms are used at the appropriate times regarding registration:

- (1) Notice of Registration — This form requires information as noted in 21 NCAC 32F .0002.
- (2) Notice of Failure to Register — This form gives notice to a physician who has failed to register as required by General Statutes 90-15.1.
- (3) Notice of Suspension — This form advises the physician that his North Carolina medical license has been suspended.

SUBCHAPTER 32G — MOBILE INTENSIVE CARE (Repealed)

SUBCHAPTER 32H — MOBILE INTENSIVE CARE SECTION .0100 — GENERAL INFORMATION

.0101 Authority, Intent and Goals

- (a) In establishing and approving rules and regulations pursuant to G.S. 143-514, it is the intent of the Board of Medical Examiners and the Department of Human Resources to respond to a critical shortage of professionally trained medical and nursing personnel for the delivery of fast, efficient emergency medical care to the sick and injured at the scene and during transport to a health care facility.
- (b) Improved emergency medical services are required to reduce the mortality and morbidity rate during the first critical minutes immediately following an accident or the onset of a serious physical condition such as an acute myocardial infarction. Within the goals of the Board of Medical Examiners and the Department of Human Resources, in establishing these rules and regulations, is the provision of the best and most economical delivery of emergency medical care.

.0102 Definitions

- (a) "Office of Emergency Medical Services" means an official agency of the State of North Carolina, Department of Human Resources, who shall serve in an administrative capacity to the Board of Medical Examiners.
- (b) "Mobile intensive care program" means a program of pre-hospital emergency medical care whereby definitive medical care is delivered to a victim of sudden injury or illness by appropriately trained and certified pre-hospital technicians operating under the direction of a sponsor or resource hospital. All mobile intensive care programs shall conform to the criteria established in the regulations contained in this Subchapter and must be approved by the Office of Emergency Medical Services.
- (c) "Mobile intensive care unit" means any emergency vehicle staffed by EMT-Intermediate and/or EMT-P personnel and equipped in accordance with standards established by the North Carolina Medical Care Commission as found in 10 NCAC 3M .0102 and .0103 to provide remote intensive care to sick and injured persons at the scene of a medical emergency and during transport to a health care facility.
- (d) "Emergency medical technician-paramedic (EMT-P)" means a person specially trained in emergency medical care in a training program approved by the Office of Emergency Medical Services who has been certified or recertified by the Board of Medical Examiners as qualified to render the services enumerated in Rule .0402 of this subchapter.
- (e) "Emergency medical technician-intermediate (EMT-Intermediate)" means a person specially trained in a training program approved by the Office of Emergency Medical Services and who has been certified or recertified by the Board of Medical Examiners as qualified to render the services enumerated in Rule .0403 of this Subchapter.
- (f) "Mobile intensive care nurse (MICN)", means a registered nurse who has been approved or reapproved by the Board of Medical Examiners to issue instructions to EMT-Intermediate and EMT-P personnel in accordance with protocols approved by the sponsor or resource hospital and under the direction of the responsible physician.
- (g) "Sponsor hospital" means a hospital and its medical staff which actively participates in a mobile intensive care program and has responsibility for providing or ensuring the provision of training and medical direction to the field technicians. The sponsor hospital shall meet criteria adopted by the Board and be approved by the Office of Emergency Medical Services.
- (h) "Resource hospital" means a hospital and its medical staff which serve as a resource for one or more mobile intensive care programs functioning

within a multi-county area approved by the Office of Emergency Medical Services. The resource hospital serves to provide physician support and training programs/facilities to its affiliated sponsor hospitals as well as overall coordination to ensure program consistency and quality. The resource hospital shall meet criteria adopted by the Board and be approved by the Office of Emergency Medical Services.

- (i) "Physician" means an individual licensed by the Board of Medical Examiners to practice medicine in the State of North Carolina.
- (j) "Medical director" means the physician responsible for the medical aspects of the management of the mobile intensive care program.
- (k) "Oral interview panel" means a committee composed of a minimum of three physicians and nurses, the majority of which must be physicians, appointed by the medical director of the mobile intensive care program whose responsibility is to interview each applicant for certification, recertification, approval or reapproval, either collectively or individually and evaluate his suitability to perform successfully at the certification level sought. Factors that shall be evaluated shall include the applicant's knowledge of emergency medical care, familiarity with operational protocols and motivation for serving in this capacity.
- (l) "Audit and review panel" means a committee composed of representatives of the medical, nursing, administrative and pre-hospital care service elements of the mobile intensive care program which has the responsibility for the on-going monitoring and evaluation of the program. The chairman of the panel shall be a physician and a majority of the voting members shall be physicians.
- (m) "Study project" means a proposal involving exceptions to the provisions of this Subchapter for the purpose of evaluating the efficiency and effectiveness of alternate means of providing mobile intensive care services to the citizens of North Carolina.

SECTION .0200 — PROGRAM STANDARDS AND APPROVAL

.0201 Mobile Intensive Care Program Criteria

Mobile intensive care programs shall cover a defined service area of generally not less than one county and must have the following:

- (1) a plan, as specified in Rule .302 of this Subchapter, for the coordination of the sponsor and/or resource hospitals participating in the program. Where affiliation with a resource hospital is required, a copy of the written agreement must be included.
- (2) a designated medical director who shall be responsible either directly or by clearly established delegation to the other licensed physicians at the sponsor and/or resource hospital(s) for the following:
 - (a) the initial establishment and periodic updating of treatment protocols;
 - (b) medical supervision of the selection, initial training, continuing education and performance of EMT-Intermediate, EMT-P and MICN personnel;
 - (c) the medical review of the care provided to patients;
 - (d) keeping the care provided up-to-date with advancing biomedical science and technology; and
 - (e) participation in the overall management of the mobile intensive care program in liaison with nursing, technical, and administrative staff of the program. The medical director has the authority to suspend temporarily, pending formal review, and EMT-Intermediate, EMT-P or MICN from further participation in the mobile intensive care program when in his determination the activities and/or medical care rendered by such personnel are or may be detrimental to the care of the patient.
- (3) an organized and defined system of communications that provides for:
 - (a) public access through a central medical communications center preferably utilizing a single, well-publicized telephone number;

- (b) dispatch and coordination of all resources (manpower, vehicles and equipment) essential to the effective and efficient management of requests for emergency medical assistance;
 - (c) communications linkages for interacting with other public safety agencies to obtain additional resources required to support emergency medical services activities;
 - (d) two-way voice communications as specified in Rules .0303 (a) (2) (I) and .0304 (a) (7) of this Subchapter between the field technicians and the personnel at the sponsor and/or resource hospital responsible for directing the medical treatment rendered by the technicians.
- (4) adequate certified manpower to ensure that the program will be continuously available on a 24 hour-a-day basis;
 - (5) audit and review panel(s) which meet on a regular basis and whose responsibilities include at least the following:
 - (a) reviewing mobile intensive care cases to determine the appropriateness of the medical care rendered by all personnel involved in the case;
 - (b) making recommendations to the medical director for the continuing education program for mobile intensive care personnel;
 - (c) reviewing the policies, procedures and protocols for the mobile intensive care program and making recommendations for improvement.

.0202 Program Approval

- (a) Proposals for mobile intensive care programs must be submitted to the Office of Emergency Medical Services at least 45 days prior to the initiation of the program.
- (b) The proposal must demonstrate that the program meets the standards found in Rule .0201 of this Section and must follow the format specified by the Office of Emergency Medical Services.

SECTION .0300 — HOSPITAL UTILIZATION

.0301 Hospital Involvement

Hospital and hospital medical staff participation in the establishment, operation and ongoing evaluation of mobile intensive care programs is essential. The role of each participating hospital within the service area of a mobile intensive care program must be defined, and the operational procedures outlined and agreed to by all participants so as to help ensure proper coordination. Hospitals approved by the Office of Emergency Medical Services as a sponsor and/or resource hospital may provide services utilizing mobile intensive care personnel for the delivery of emergency medical care to the sick and injured at the scene of an emergency, during transport to a hospital, while in a hospital emergency department and during training of the technicians. While functioning pursuant to these rules and regulations the EMT-Intermediate and/or EMT-P shall be under the control and supervision of the physician or approved MICN of either the sponsor or resource hospital from which they are receiving instructions.

.0302 Plan For Participating Hospitals

- (a) Each mobile intensive care program shall have a plan which outlines the roles and responsibilities of each of the hospitals that will function as a sponsor hospital in the program. The plan shall allow for the participation of all hospitals within the service area of the mobile intensive care program that meet the sponsor hospital criteria even though one or more hospitals may not want to participate at the initiation of the program. One hospital shall be designated as being administratively responsible for the mobile intensive care program and as such have overall responsibility for coordination of the program and ensuring compliance with the requirements of this Subchapter. Changes in this designation must be approved by the Office of Emergency Medical Services.

- (b) The plan shall be approved by the chief of staff and chief executive officer of each participating hospital and shall include at a minimum:
 - (1) a description of the role each hospital is to have in the mobile intensive care program;
 - (2) a description of the operational procedures to be followed by the mobile intensive care personnel to obtain medical direction;
 - (3) the treatment protocols to be utilized in the program and a description of the procedure to be followed to modify them;
 - (4) a description of how the audit and review function will be established and carried out;
 - (5) a description of the methodology for providing continuing education for the mobile intensive care personnel;
 - (6) a description of the mechanism for providing physician backup to the MICN personnel in programs where they are utilized.

.0303 Sponsor Hospital

- (a) To be approved by the Office of Emergency Medical Services as a sponsor hospital, a hospital must:
 - (1) demonstrate that it will function as part of a mobile intensive care program in accordance with a plan, meeting the requirements of Rule .0302 of this Section;
 - (2) meet the following criteria:
 - (A) have an active cardiac care unit and/or intensive care unit of at least four beds if the mobile intensive care program is functioning at the EMT-P level;
 - (B) have, at a minimum, MICN coverage available 24 hours per day in the emergency department or critical care unit for communication with the field technicians;
 - (C) ensure 24 hour availability of a registered nurse who is primarily responsible to meet mobile intensive care patients upon arrival at the emergency department;
 - (D) have a physician available either in the emergency department of the sponsor hospital, the emergency department of the sponsor hospital administratively responsible for the mobile intensive care program or its affiliated resource hospital to provide backup to the MICN issuing instructions to the field technicians;
 - (E) appoint a registered nurse to act as a liaison between the EMT-Intermediate and/or EMT-P personnel and the hospital;
 - (F) appoint a physician to serve as a medical director or liaison to the medical director of the mobile intensive care program;
 - (G) have written support letters for the program from both the chief executive officer and chief of staff of the hospital;
 - (H) establish or participate in an audit and review panel that meets regularly;
 - (I) have access to and operate a communications system that will provide, at a minimum, two-way voice communications to mobile intensive care field technicians anywhere in the service area of the mobile intensive care program. The communications system shall provide for communication from the onset of patient treatment through the delivery of the patient at the medical treatment facility. The communications system shall be operational 24 hours per day and shall allow for initiation of communication by either the field technicians or by the sponsor hospital that is directing the patient care procedures and treatment;
 - (J) provide orientation regarding the mobile intensive care program to appropriate medical and nursing personnel at the hospital;
 - (K) have treatment protocols adopted by the medical staff covering the performance of field technicians which are consistent with those being used throughout the mobile intensive care program;
 - (L) provide or ensure provision of a continuing education program for mobile intensive care personnel (minimum of four hours per month);

- (M) provide or ensure provision of clinical experience (with supervision) for those participating in the training program.
- (b) In addition, the sponsor hospital designated as administratively responsible for the mobile intensive care program must have a physician in the emergency department 24 hours a day who is available to give orders and medical direction to the field technicians. For mobile intensive care programs that do not have a participating hospital within their area with a physician in the emergency department 24 hours a day, this requirement may be met by the sponsor hospital designated as administratively responsible for the program affecting a written agreement with the most appropriate resource hospital to provide physician backup to the MICN and medical direction to the field technicians.

.0304 Resource Hospital

- (a) A resource hospital shall provide overall coordination and serve as a centralized source of support services for mobile intensive care programs within an identified multi-county area. A resources hospital must:
- (1) have an active comprehensive cardiac care unit of at least four beds;
 - (2) have 24 hour physician coverage in the emergency department for the purpose of receiving calls initiated by the sponsor hospital and/or its affiliated mobile intensive care field personnel;
 - (3) appoint a registered nurse to act as a liaison between the EMT-Intermediate and/or EMT-P personnel and the hospital;
 - (4) appoint a physician to serve as medical director;
 - (5) have written support letters for the program from both the chief executive officer and chief of staff of the hospital;
 - (6) establish an audit and review panel that meets regularly that allows for the participation of the affiliated sponsor hospitals if they have not established an audit and review panel of their own;
 - (7) have access to and operate a communications system that will provide, at a minimum, two-way voice communications to mobile intensive care field personnel anywhere in the service area of the mobile intensive care program. The communications system shall provide for communication from the onset of patient treatment through the delivery of the patient at the medical treatment facility. The communications system shall be operational 24 hours per day and shall allow for initiation of communications by either the sponsor hospital that is directing the patient care procedures and treatment or its affiliated mobile intensive care personnel;
 - (8) provide orientation regarding the mobile intensive care program to appropriate medical and nursing personnel at the hospital;
 - (9) have treatment protocols adopted by the medical staff covering the performance of the appropriate level(s) of field technicians. These shall be consistent areawide and address, at a minimum, trauma, cardiac, poison, burn, neonatal, behavioral, and spinal cord injuries;
 - (10) provide or ensure provision of a continuing education program for certified mobile intensive care personnel (minimum of four hours per month);
 - (11) provide or ensure provision of clinical experience (with supervision) for those participating in the training program;
 - (12) provide other support services, in terms of physician backup, training facilities, and training programs to its affiliated sponsor hospitals.
- (b) Within a given multi-county area only one resource hospital shall be operational at any one time. A hospital may request designation as a resource hospital by submitting documentation to the regional Emergency Medical Services (EMS) Council and the Office of Emergency Medical Services of compliance with the criteria and responsibilities specified in (a) of this Rule. The regional EMS Council shall review and comment on the appropriateness of the proposed designation and of the multi-county area to be covered and forward its recommendations to the Office of Emergency Medical Services. Where the regional EMS council recommends the

designation of more than one resource hospital in a given multi-county area, a plan outlining the roles and responsibilities of each and meeting the requirements of Rule .0302(b) of this Section shall be submitted to the Office of Emergency Medical Services. The recommendations of the regional EMS Council shall be considered by the Office of Emergency Medical Services in approving or disapproving the request.

- (c) A resource hospital may be approved by the Office of Emergency Medical Services to function concurrently as a sponsor hospital.

SECTION .0400 — TRAINING AND PERFORMANCE OF MOBILE INTENSIVE CARE PERSONNEL

.0401 Training Programs

- (a) Proposals for training programs intended to qualify personnel as MICN's EMT-P's and EMT-Intermediate's shall be received by the Office of Emergency Medical Services for approval at least 45 days prior to initiating training.
- (b) Technician trainees may perform the services and functions enumerated by these rules and regulations during:
 - (1) the clinical training portions of approved training programs while caring for patients in the sponsor or resource hospital provided that the related didactic work has been completed and that they are under the direct supervision of a physician or registered nurse;
 - (2) the field internship portions of approved training programs provided that the related didactic and clinical work has been completed and that they are directly supervised and accompanied by a technician certified at a like or higher level, a physician or a certified MICN.

.0402 Emergency Medical Technician - Paramedic Performance

EMT-P's trained in approved training programs, certified by the Board of Medical Examiners to perform medical acts, and functioning in an approved mobile intensive care program may do any of the following in accordance with the protocols established by their sponsor or resource hospital:

- (1) While at the scene of a medical emergency where the capability of continuous two-way voice communication, or the capability of continuous two-way voice communication supplemented by a telemetered electrocardiogram, is maintained with a physician or approved MICN located in the sponsor or resource hospital, and upon order of such physician or MICN may:
 - (a) administer intravenous saline, glucose, or volume expanding agents or solutions;
 - (b) perform pulmonary ventilation by means of endotracheal intubation;
 - (c) perform gastric suction by intubation;
 - (d) apply rotating tourniquets;
 - (e) perform services enumerated in Rule .0403 of this Section;
 - (f) administer parenterally, orally, or topically any of the drugs approved by the Board of Medical Examiners for use by EMT-P's;
 - (g) perform confronted with a pulseless non-breathing patient perform cardiopulmonary resuscitation, defibrillation, pulmonary ventilation, and administration of appropriate cardiac drugs.
- (2) When confronted with a pulseless non-breathing patient perform cardiopulmonary resuscitation, defibrillation, pulmonary ventilation, and administration of appropriate cardiac drugs.

.0403 Emergency Medical Technician - Intermediate Performance

EMT-Intermediate's trained in approved training programs, certified by the Board of Medical Examiners to perform medical acts and functioning in

an approved mobile intensive care program, while at the scene of a medical emergency away from the sponsor or resource hospital where the capability of continuous two-way voice communication or the capability of continuous two-way voice communication supplemented by a telemetered electrocardiogram is maintained with a physician or MICN located in the sponsor or resource hospital, upon order of such physician or nurse may:

- (1) administer the following solutions by intravenous infusion:
 - (a) dextros 5 percent in water (D5W),
 - (b) lactated ringer's solution,
 - (c) normal saline;
- (2) perform pulmonary ventilation by means of an esophageal obturator airway and/or esophageal gastric tube airway;
- (3) obtain blood for laboratory analysis.

.0404 Mobile Intensive Care Nurse Performance

MICN's currently approved by the Board of Medical Examiners, while functioning under the direction of a physician, may:

- (1) direct EMT-Intermediate's and EMT-P's to perform actions as defined in the adopted protocols for the mobile intensive care program;
- (2) supervise EMT-Intermediate's and EMT-P's during field internship and intervene where necessary as long as radio or telephone contact is maintained with the sponsor or resource hospital.

.0405 Technician Performance in the Presence of a Physician

When there is a physician licensed to practice medicine present at the scene of a medical/traumatic emergency and that physician chooses to assume medical responsibility for the patient(s), the EMT-P's and/or EMT-Intermediates at the scene shall:

- (1) require and allow that physician to contact the sponsor hospital and the physician who receives the call at the sponsor hospital shall make the decision as to whether or not the physician on the scene is to be allowed to take charge of the patient(s) and give orders;
- (2) if the physician on the scene is allowed to take charge, EMT-P's and/or EMT-Intermediates on the scene shall permit that physician's orders to take precedence over all other procedures and/or protocol normally utilized within that emergency care program;
- (3) follow the orders of the physician within the limits enumerated in Rules .0402 and .0403 of this Section.

SECTION .0500 — CERTIFICATION AND APPROVAL REQUIREMENTS FOR MOBILE INTENSIVE CARE PERSONNEL

.0501 Certification Requirement — EMT-Paramedic

- (a) To become certified as an EMT-P, a person shall meet the following criteria:
 - (1) be currently certified as an emergency medical technician in the State of North Carolina;
 - (2) be affiliated on a continuous basis with an ambulance provider permitted by the Office of Emergency Medical Services which functions as part of an approved mobile intensive care program;
 - (3) present evidence that he is of suitable character and physically capable of performing as an EMT-P;
 - (4) successfully complete, within one year of application, an EMT-P training course approved by the Office of Emergency Medical Services. When training was completed over one year prior to application, a person must submit evidence of completion of pertinent refresher training in emergency medicine taken in the past year for approval by the Office of Emergency Medical Services.

- (5) successfully complete a performance evaluation conducted under the direction of the medical director of the mobile intensive care program assessing his ability to perform the skills and procedures specified in Rule .0402 of this Subchapter;
 - (6) be recommended for certification upon examination by an oral interview panel established by the mobile intensive care program in which he is proposing to function;
 - (7) pass practical and written examinations administered by the Office of Emergency Medical Services.
- (b) Persons holding current certification as an EMT-P in another state whose training program is commensurate with those approved by the Office of Emergency Medical Services may become certified by:
- (1) presenting evidence of such certification for verification by the Office of Emergency Medical Services; and,
 - (2) meeting the criteria specified in Subparagraphs (a) (1), (a) (2), (a) (3), (a) (5), (a) (6), and (a) (7) of this Rule.
- (c) Certification shall be valid for a period not to exceed two years at which time the person must be recertified by successfully completing the following:
- (1) an ongoing continuing education program of a minimum of 24 hours every six months of which no more than 50 percent may be clinical exposure;
 - (2) a performance evaluation conducted under the direction of the medical director of the mobile intensive care program assessing his ability to perform the skills and procedures specified in Rule .0402 of this Subchapter;
 - (3) practical and written examinations administered by the Office of Emergency Medical Services.

.0502 Certification Requirements — EMT-Intermediate

- (a) To become certified as an EMT-Intermediate a person must meet the following criteria:
- (1) be currently certified as an emergency medical technician in the State of North Carolina;
 - (2) be affiliated on a continuous basis with an ambulance provider permitted by the Office of Emergency Medical Services and which functions as part of an approved mobile intensive care program;
 - (3) present evidence that he is of suitable character and physically capable of performing as an EMT-Intermediate;
 - (4) successfully complete, within one year of application, an EMT-Intermediate training course approved by the Office of Emergency Medical Services. When training was completed over one year prior to application, a person must submit evidence of completion of pertinent refresher training in emergency medicine for approval by the Office of Emergency Medical Services;
 - (5) successfully complete a performance evaluation conducted under the direction of the medical director of the mobile intensive care program assessing his ability to perform the skills and procedures specified in Rule .0403 of this Subchapter;
 - (6) be recommended for certification upon examination by an oral interview panel established by the mobile intensive care program in which he is proposing to function;
 - (7) pass practical and written examinations administered by the Office of Emergency Medical Services.
- (b) Persons holding current certification as an EMT-Intermediate in another state whose training program is commensurate with those approved by the Office of Emergency Medical Services may become certified by:
- (1) presenting evidence of such certification for verification by the Office of Emergency Medical Services; and,
 - (2) meeting the criteria specified in Subparagraphs (a) (1), (a) (2), (a) (3), (a) (5), (a) (6) and (a) (7) of this Rule.
- (c) Certification shall be valid for a period not to exceed two years at which

time the person must be recertified by successfully completing the following:

- (1) and ongoing continuing education program of a minimum of 24 hours every six months of which no more than 50 percent may be clinical exposure;
- (2) a performance evaluation conducted under the direction of medical director assessing his ability to perform the skills and procedures specified in Rule .0403 of this Subchapter;
- (3) practical and written examinations administered by the Office of Emergency Medical Services.

.0503 Approval Requirement - Mobile Intensive Care Nurse

- (a) To be approved as a mobile intensive care nurse, a person must meet the following criteria:
 - (1) be currently licensed as a registered nurse in the State of North Carolina;
 - (2) be currently certified as an emergency medical technician in the State of North Carolina;
 - (3) be affiliated on a continuous basis with a sponsor or resource hospital which is part of an approved mobile intensive care program;
 - (4) have a minimum of two years emergency and/or critical care nursing experience;
 - (5) successfully complete the emergency nurse education program, an approved EMT-P training program, or an equivalent program approved by the Office of Emergency Medical services;
 - (6) be recommended for approval by the medical director and the hospital administrator after consultation with the emergency department nursing supervisor and upon examination by an oral interview panel established by the mobile intensive care program in which he is proposing to function;
 - (7) pass a written examination administered by the Office of Emergency Medical Services.
- (b) Approval shall be valid for a period not to exceed two years at which time the person must be reaproved by:
 - (1) completing an ongoing continuing education program of a minimum of 24 hours every six months of which no more than 50 percent may be clinical exposure;
 - (2) being recommended for reapproval by the medical director and the hospital administrator after consultation with the emergency department nursing supervisor and upon examination by an oral interview panel established by the mobile intensive care program in which he is proposing to function;
 - (3) passing practical and written examinations administered by the Office of Emergency Medical Services.

SECTION .0600 — ENFORCEMENT

.0601 Approval/Certification Denial, Suspension, or Revocation

- (a) The Board of Medical Examiners may deny, suspend or revoke the approval of a mobile intensive care program, sponsor hospital or resource hospital for any of the following reasons:
 - (1) failure to comply with the requirements as found in Sections .0200 and .0300 of this Subchapter;
 - (2) obtaining approval through fraud or misrepresentation.
- (b) The Board of Medical Examiners may deny, suspend or revoke the certification of an EMT-Intermediate, EMT-P, or the approval of an MICN for any of the following reasons:
 - (1) failure to comply with the applicable performance and certification requirements as found in Rules .0402, .0403, .0404, .0501, .0502 and .0503 of this Subchapter;

- (2) obtaining certification or approval through fraud or misrepresentation;
- (3) failure to perform a prescribed procedure, failure to perform a prescribed procedure competently or performance of a procedure which is not within the scope and responsibility of the certificate holder;
- (4) performance of a procedure which is detrimental to the health and safety of a patient.

.0602 Procedures for Denial, Suspension or Revocation

- (a) The Board of Medical Examiners may deny, suspend or revoke the certification of an EMT-Intermediate or EMT-P or the approval of an MICN, sponsor hospital, resource hospital or mobile intensive care program as specified by the rules regarding contested cases found in G.S. 150A-23.
- (b) Notwithstanding Subparagraph (a) of this Rule, the Board of Medical Examiners may summarily suspend the certification of an EMT-Intermediate, EMT-P, the approval of an MICN, sponsor hospital, resource hospital or mobile intensive care program as specified in G.S. 150A-3(c).

.0603 Effective Date

All provisions of this Subchapter shall apply to new mobile intensive care programs or those progressing from an EMT-Intermediate and EMT-P level of service. Mobile intensive care programs functioning prior to November 1, 1980 shall have one year from this date to be in full compliance with the mobile intensive care program, sponsor hospital and resource hospital approval requirements as found in Section .0200 and .0300 of this Subchapter.

SECTION .0700 — EXCEPTIONS

.0701 Conditions

Upon application of interested citizens in North Carolina, the Board of Medical Examiners is authorized to and reserves the right to approve the furnishing and providing of mobile intensive care programs in North Carolina referred to in these regulations by persons who have been approved to provide these services by an agency of a state adjoining North Carolina. This approval may be granted where the Board finds and concludes that these requirements for mobile intensive care programs cannot be reasonably obtained by reason of lack of geographical access.

.0702 Requests

All requests for exceptions must be submitted in writing to the Office of Emergency Medical Services for presentation to the Board.

SECTION .0800 — FORMS

.0801 Required Forms

SECTION .0900 — STUDY PROJECTS

.0901 Conditions

- (a) Persons proposing to undertake a study project shall have a project director who is a physician licensed to practice medicine in the State of North Carolina and shall submit a written proposal to the Office of Emergency Medical Services for presentation to the Board of Medical Examiners. The proposal must include the following:
 - (1) a description of the purpose, an explanation of the proposed project, the methodology to be used in implementing the project, the geographical area to be covered by the proposed study;
 - (2) a list of the mobile intensive care programs, ambulance providers, and hospitals participating in the project;
 - (3) a signed statement of endorsement from the medical director of each participating mobile intensive care program, the chief executive officer of each participating hospital, and the director of each participating ambulance provider;
 - (4) a description of the skills to be utilized by the EMT's, EMT-Intermediates and/or EMT-P's if different from those specified in this Subchapter the provisions for training and supervising the personnel who are to utilize these skills and the names of such personnel;
 - (5) the name and signature of the project director attesting to his approval for the proposal.
- (b) The hospitals and ambulance providers participating in the project must be a part of an approved mobile intensive care program functioning at the EMT-Intermediate or EMT-P levels.
- (c) The time period for the project shall not exceed three years.
- (d) Only one project on any given subject shall be conducted within the state at any given time.
- (e) When considering any study project, the Board of Medical Examiners may, at its discretion, require additional conditions to be met.

.0902 Study Project Approval

- (a) The Board of Medical Examiners may grant approval to any project which is found to comply with the conditions specified in this Section.
- (b) Project approval shall be granted for a period of one year from the date of approval by the Board of Medical Examiners. Approval for continuation beyond this period by the Board of Medical Examiners shall be based on the achievement of satisfactory progress as evidenced in written progress reports to be submitted to the Office of Emergency Medical Services at least 90 days prior to the end of the approved year.
- (c) Approval of a project by the Board of Medical Examiners shall constitute approval of the personnel listed in the proposal to exercise the specified skills as participants in the project. The project director shall submit the names of additional personnel to the Office of Emergency Medical Services for consideration by the Board of Medical Examiners.
- (d) The Board of Medical Examiners may rescind approval of the study project at any time.

.0903 Study Recommendations

At least six months prior to the planned completion of the study project, the project director shall submit to the Office of Emergency Medical Services a report of the preliminary findings of the project and any recommendations for changes in the requirements for mobile intensive care programs.
